

A close-up, black and white photograph of a professional studio microphone. The microphone is mounted on a stand with a boom arm. The mesh grille at the bottom is visible, and a small heart-shaped logo is on the body. The background is a soft, out-of-focus landscape with hills and a sunset sky.

WELCOME TO CALIFORNIA COLLEGE OF MUSIC!

You are part of a musical community!

California College of Music is not just an educational institution, it is a supportive musical community. We welcome new musicians who share the same passion and dedication we feel towards our art form. Each individual's knowledge and experience is respected and valued. We support each other as we develop our musicianship, learning more about its power in our world.

We maximize student - teacher interaction.

Our faculty members have real-world experience that can help you bridge the gap from classroom study to success expressing yourself through music. Staff and faculty are here to help you make your time at CCM productive, enjoyable, and rewarding. Whenever you have questions or want to discuss how California College of Music is different from other music schools, please let us know. We're here to help you establish an unshakeable musical foundation that will empower you to realize your full artistic potential.

Our programs can lead to more opportunities in music.

The programs at CCM are designed to give you a strong musical background as well as the tools you need to succeed in your chosen career. By the time you complete your program, you will possess a well-rounded and powerful professional skill set. You will be a musical force to be reckoned with!

This **catalog** is your **guide** to the wide variety of **academic courses, programs, and resources** available to you at **California College of Music.**

Our courses are taught by highly qualified faculty members – industry experts and talented educators who will satisfy your musical objectives and professional goals.

Inside you'll find important information about auditions, admissions, student services, financial support including talent-based scholarships, and college policies.

About Us

California College of Music is a private, free-standing institution in Pasadena, California where accomplished professional musicians educate students in the field of modern popular music. The school was originally founded in 1999 as the Pasadena International Music Academy, and first blossomed under the leadership of Grammy-winning recording engineer Reggie Dozier and legendary trombonist Wayne Henderson of the Jazz Crusaders, both distinguished leaders in the commercial music and recording industries. Since opening its doors, California College of Music has quickly developed a reputation as a vibrant epicenter of popular music education in Southern California.

Today, CCM provides an intensive music curriculum up to the associate degree level for many talented vocalists, instrumentalists, and music producers. Thanks to our ideal class sizes and highly experienced music instructors who act as artistic and professional mentors, CCM students can expect to receive more personal attention and guidance than they might in a larger institution. The coursework at California College of Music provides a rich invitation to engage with the language of music. Faculty and staff members guide and encourage students on their personal musical journeys. Every aspiring musician, regardless of skill level or preferred style, is invited to come to CCM and discover his or her full musical potential.

Mission, Vision, & Purposes

Our mission is to educate musicians, songwriters and producers, effectively empowering them with the knowledge, skills, and confidence to express themselves dynamically through modern popular music.

Our vision is to create an inspiring, diverse, and inclusive higher education space in which students, faculty, and members of the community may gather together to study, create, perform, record, and share music.

STUDY: When we study modern popular music, we research the techniques that have shaped music that has had wide appeal across contemporary populations through its inherent memetic value. Our institutional curriculum and repertoire exist in order to guide, model, and inform experiential and explorative processes without seeking to restrict or delimit the popular music space.

CREATE: When we create new music, we are not only expressing ourselves through the medium of sound, we are creating unique artistic capital which has the power to transform lives both economically and emotionally. We

pledge to respect all forms of intellectual property regardless of style or content, and remain non-judgmental towards the process and product of others.

PERFORM: When we perform popular music, we engage openly with a public listenership in an attempt to connect over shared human experience. We pledge to seek new avenues for live and recorded performances that question existing models, trouble the status quo where necessary, and connect audiences of disparate backgrounds across temporal and geographical boundaries.

RECORD: We believe that the recording studio is a primary performance space for modern popular music. The recorded master is the truest representation of an original composition meant for mass appeal, and therefore we seek to provide excellent studio spaces for sonic experimentation and invention in which new musical recordings can be arranged, engineered, produced, mixed, and mastered. Through excellent mentorship in studio craft, etiquette, and process, all of our students develop recorded material meant to catalyze their musical futures.

SHARE: As Nietzsche famously wrote, "Without music, life would be a mistake." Indeed, access to music and the other arts is intrinsic to a high quality of life. Popular music has the power to incite happiness and enjoyment of life, enrich and sustain our individual lives, and create community. As devotees of popular music, we recognize that our music exists not only for our fellow musicians and academics to analyze and consume, but for all people everywhere (including non-musicians) to enjoy and integrate into their lives. For this reason, the sharing and wide distribution of our music is essential, and we must examine the evolving modalities in which music is successfully disseminated in the modern age.

To embody our mission, bring our vision to life, and achieve our purposes of studying, creating, performing, recording, and sharing popular music, our qualified and talented faculty utilize a student-centered learning methodology, give students thoughtful attention and mentoring, and engage in continual self-evaluation. Through our rigorous curriculum, our students develop key competencies in areas including music theory, ear training, instrumental technique, rhythmic accuracy, piano proficiency, popular music history, music technology, studio recording, and music industry studies. Our graduates possess a well-rounded professional toolkit that includes significant mastery of a primary instrument, harmonic fluency, a broad working knowledge of popular styles, a disciplined work ethic, and an optimistic attitude towards realizing their ideal musical futures.

Campus & Facilities

All class sessions are held at our excellent campus facility, located at 42 S. Catalina Avenue, Pasadena, CA, 91106. Equipment and resources housed within our facility include:

- A music technology lab equipped with fifteen iMac computer workstations, MIDI keyboard controllers, Apple Logic Pro music production software, and audio interfaces.
- A studio control room (patched to many other rooms) with multiple DAWs (Logic, ProTools, Sequoia) as well as an excellent array of outboard gear including, preamps, an interface, effects processing units, compressors and limiters. Our mic closet features a wide range of microphones to suit a variety of recording applications. Rental of CCM's recording studio is available upon request. For a complete gear list, see page 75.
- An isolation booth equipped with an upright piano, PA, and amplifiers. The booth is used to record vocalists or instruments and is patched through to the control room.
- A student recording studio and mixing station with an excellent array of outboard gear including interface, effects units, compressors and limiters.
- One large ensemble performance room (the "live room") equipped with guitar and bass amplifiers, keyboards, drums & percussion, and a PA system. This multi-purpose room also doubles as a live tracking room for recording and master classes.
- A piano room equipped with a Kawai grand piano, an upright piano, seven electronic keyboards, and a monitoring system.
- A Social Media Room with an upright piano, digital piano, a small stage, various lighting options for filming content, live performances and a PA.
- A traditional classroom equipped with a harpsichord, an electronic keyboard, and PA system, used for music theory, ear training, sight-reading, and other classes.
- Seven practice rooms variously equipped with electronic keyboards, guitar and bass amplifiers, drum sets, and stereos. These rooms are used for individual study and private lessons.
- A music library profiled above..
- A student lounge with a refrigerator and microwave.
- Administration Office, Campus Director, Director of Financial Aid, and miscellaneous desk provided for instructor prep time.
- A wireless network is available on campus for internet access on personal devices or laptops.

Students and visitors may obtain the wi-fi password at the Administration Office.

Library

CCM maintains an outstanding music library with holdings of more than 3000 items in subject areas including popular music, music history, ethnomusicology, choral music, classical composers and scores, biography, improvisation, pedagogy and instrumental methods.

Most books, magazines, scores, and library materials are available for loan to students; some are reserved for library use only.

Access to the CCM Library is granted at any time during normal campus hours; simply request access at the Administration Office. A computer workstation is available in the library for database searches, research, and internet access. Additional computer workstations are available in the music technology lab.

To increase access to library resources and academic databases, our College also requires all its students to hold a Public Patron Card at Pasadena City College Shatford Library, an excellent open library just seven blocks from our College. In each enrolling quarter, all students are required to attend a library orientation session at PCC Shatford Library.

Equipment

CCM provides and maintains a wide variety of musical equipment throughout our facility for the benefit of our students. All equipment is labeled with the room to which it is assigned. Equipment may not be removed without approval from the Director of Administration. Equipment may not be removed from the building by any student for any reason except when specifically directed by a College faculty/staff member. Correct procedures for startup and shutdown of amplifiers and PA systems are posted and must be followed to prevent hearing damage and/or damage to equipment.

Additional equipment such as microphones and cables may be checked out for student use, but must remain within the facility. CCM does not loan equipment for private use off campus.

Music Programs

Overview & Purposes

California College of Music offers four academic programs: the **Associate of Science in Performance** degree program (6 quarters, 18 months), the **Certificate in Performance** (4 quarters, 12 months), the **Apprentice in Performance** (2 quarters, 6 months), and the **Certificate in Songwriting and Music Production** program (4 quarters, 12 months). Within the three performance programs, students define an instrumental emphasis in either **voice, drums, bass, guitar, or keyboard** performance. Our curriculum is designed to help students achieve their musical goals in an encouraging, creative, hands-on environment. Classes in each program are small to medium sized in order to strengthen learning and maximize the attention instructors are able to give each student. New students take placement tests in theory and ear training (and if requested, sight-reading, piano, and instrumental technique) to determine their skill level in those areas.

Associate of Science in Performance

6 quarters / 18 months / 90 credits

The Associate of Science in Performance degree program is the most in-depth and intensive program we offer. Emphasizing thorough and polished musicianship, personal artistic mentoring, and a well-rounded understanding of the history and current challenges presented by the modern music industry, it is designed to develop extensive practical skills in performance and to enable students to create and develop their own unique voice or playing style. Courses are taught by successful musicians with proven track records in the music industry and a firm understanding of the complex situations and expectations students will face as they develop their own artistic output and attempt to distribute it. This rigorous 6-quarter program will also expose students to a diverse, well-rounded musical palate in order to be able to adapt to a variety of musical situations.

The associate degree program emphasizes thorough knowledge of musical structures, technical proficiency, accuracy, consistency, awareness, discipline, and self-confidence. Upon completion, students will have the opportunity to perform in front of live audiences,

and to develop a portfolio of recordings that can be used to promote themselves after graduating. Please see the [voice](#), [guitar](#), [bass](#), [drums](#), and/or [keyboard](#) emphasis for the complete associate degree program course curriculum outline.

NOTE: *The Associate of Science Degree in Performance is considered a vocational degree and does not include general education courses or specific preparation for study at the baccalaureate level.*

PROGRAM PURPOSES:

- to establish an advanced level of instrumental or vocal performance ability;
- to provide multiple public performance opportunities in ensembles and as bandleaders;
- to develop an understanding of music technology and basic skills in a digital audio workstation;
- to develop studio recording abilities through multiple session experiences;
- to develop a comprehension of the history of American popular music;
- to develop musical arranging and directing skills;
- to establish skills for effective self-promotion;
- to provide experience in music video production;
- to develop the ability to improvise within popular music structures;
- to develop fluency in music theory, including notational skills and an understanding of advanced harmonic structures;
- to develop strong aural skills, including extended chord recognition and the ability to transcribe harmonic progressions;
- to instill a nuanced understanding of rhythm and accuracy of rhythmic interpretation;
- to develop the ability to sight-read and/or sight-sing music in real time;
- to establish proficiency at the keyboard for all musicians;
- to establish entry-level skills and qualifications for careers in modern popular music;
- to enable students to express themselves dynamically through popular music, as evidenced by: a showcase of songs curated, arranged, directed, and performed by the student cohort.

AUDITION REQUIREMENTS: See the following emphases - [voice](#), [guitar](#), [bass](#), [drums](#), [keyboard](#)

PROGRAM LENGTH: 6 quarters (18 months)

MAXIMUM TIMEFRAME FOR COMPLETION: 9 quarters (27 months)

MINIMUM CREDIT REQUIREMENT FOR COMPLETION: 90 quarter credits

Certificate in Performance

4 quarters / 12 months / 60 credits

The Certificate in Performance program is a rigorous and challenging one-year curriculum designed to produce musicians with masterful knowledge of their instruments as well as the business acumen to navigate the modern music industry successfully. Industry self-promotion courses, sight-reading, transcription, and improvisation are some areas of study emphasized in the Certificate Program. The Certificate Program curriculum for vocalists and instrumentalists is the same as the first four quarters of the Associate of Science in Performance degree program. Please see the [voice](#), [guitar](#), [bass](#), [drums](#), and/or [keyboard](#) emphasis for the complete certificate program course charts.

PROGRAM PURPOSES:

- to establish an intermediate level of instrumental or vocal performance ability;
- to provide multiple public performance opportunities in ensembles;
- to develop an understanding of music technology and basic skills in a digital audio workstation;
- to develop the ability to improvise within popular music structures;
- to develop fluency in music theory, including notational skills and an understanding of advanced harmonic structures;
- to develop strong aural skills, including extended chord recognition and the ability to transcribe harmonic progressions;
- to instill a nuanced understanding of rhythm and accuracy of rhythmic interpretation;
- to develop the ability to sight-read and/or sight-sing music in real time;
- to establish proficiency at the keyboard;
- to equip students with a strong foundation for self-expression through popular music.

AUDITION REQUIREMENTS: See the following emphasis - [voice](#), [guitar](#), [bass](#), [drums](#), [keyboard](#)

PROGRAM LENGTH: 4 quarters (12 months)

MAXIMUM TIMEFRAME FOR COMPLETION: 6 quarters (18 months)

MINIMUM CREDIT REQUIREMENT FOR COMPLETION: 60 quarter credits

Apprentice in Performance

2 quarters / 6 months / 30-31 credits

The Apprentice in Performance program equips students with extensive and practical real-world skills to

empower them to succeed in the modern popular music industry. Technical development, ear training, private lessons, and ensemble playing give students valuable hands-on experience in the craft of music. Taught by world-renowned professional musicians, the Apprentice Program is the right choice for students who wish to quickly establish a firm foundation of musicianship for the modern industry. The Apprentice Program curriculum for vocalists and instrumentalists is the same as the first two quarters in the certificate and associate degree programs. Please see the [voice](#), [guitar](#), [bass](#), [drums](#), and/or [keyboard](#) emphasis for the complete apprentice program course charts.

PROGRAM PURPOSES:

- to establish a basic level of instrumental or vocal performance ability;
- to provide multiple public performance opportunities in ensembles;
- to establish basic keyboard knowledge;
- to instill a foundational understanding of music theory;
- to develop fundamental aural skills, including the ability to recognize intervals and triads and transcribe simple melodies;
- to establish basic abilities in the analysis of popular music and blues structures;
- to instill a fundamental understanding of rhythm;
- to develop the basic ability to relate sound to music notation;
- to introduce the requisite skills for self-expression through popular music.

AUDITION REQUIREMENTS: See the following emphasis - [voice](#), [guitar](#), [bass](#), [drums](#), [keyboard](#)

PROGRAM LENGTH: 2 quarters (6 months)

MAXIMUM TIMEFRAME FOR COMPLETION: 3 quarters (9 months)

MINIMUM CREDIT REQUIREMENT FOR COMPLETION: 30-31 quarter credits

Certificate in Songwriting and Music Production *(with distance learning option see p.42)*

4 quarters / 12 months / 60 credits

The Certificate in Songwriting and Music Production program is designed for music-makers looking to hone their songwriting, lyric writing, and production skills while developing their unique artistic voice. CCM faculty members act as mentors to help students along their journey of artistic self-discovery, giving guidance and production tips throughout the writing and recording process. On campus, CSMP students have access to

our world-class recording studio where they can bring their music to life. Making Music For Hire introduces students to the tools and techniques necessary to create music for TV, film, advertising, video games, and other artists. By the end of the program, students complete their own professional-level extended play (EP) recording, a valuable asset they can use to promote themselves in the modern music industry.

PROGRAM PURPOSES:

- to establish an intermediate to advanced level of songwriting ability;
- to establish an intermediate to advanced level of music production ability;
- to establish an intermediate to advanced level of lyric writing ability;
- to gain experience writing and producing music for, and in collaboration with, other musicians;
- to gain experience writing and producing music set to video;
- to develop intermediate music arranging skills for live band;
- to provide at least one opportunity for students to publicly showcase their work;
- to guide students along their journey to artistic self-discovery;
- to develop an understanding of music technology and intermediate to advanced skills in a digital audio workstation (DAW);
- to develop studio recording abilities through multiple session experiences;
- to develop fluency in music theory, including notational skills and an understanding of advanced harmonic structures;
- to develop strong aural skills, including the ability to transcribe melodies and harmonic progressions;
- to instill a nuanced understanding of rhythm and accuracy of rhythmic interpretation;
- to establish basic proficiency at the keyboard;
- to establish skills for effective self-promotion;
- to develop a basic understanding of music publishing;
- to equip students with a strong foundation for self-expression through popular music, as evidenced by a small- to medium-sized portfolio of recorded work, including at least a three-song extended play (EP) recording.

AUDITION REQUIREMENTS: See [Songwriting & Music Production](#)

PROGRAM LENGTH: 4 quarters (12 months)

MAXIMUM TIMEFRAME FOR COMPLETION: 6 quarters (18 months)

MINIMUM CREDIT REQUIREMENT FOR COMPLETION: 60 quarter credits

Preparatory Quarter

8 weeks

The Preparatory Quarter program is designed for students who wish to establish fundamental skills in voice, guitar, bass, drums, or keyboard, sufficient to prepare themselves for collegiate study in popular music. Students who complete this program are empowered with the basic knowledge, skills, and confidence to audition for collegiate programs at California College of Music or undergraduate programs in popular music at other institutions. Please see the following to view the [preparatory quarter](#) course outline.

NOTE: The Preparatory quarter is a not-for-credit program.

PROGRAM PURPOSES:

- to introduce students to the musical language;
- to acquaint students with the study of instrumental or vocal performance;
- to establish basic familiarity with the keyboard and note-naming;
- to establish a functional understanding of the basics of music theory;
- to develop fundamental aural skills, including the ability to recognize intervals and triads;
- to instill a fundamental understanding of rhythm;
- to develop a basic understanding of music notation;
- to prepare students to audition for college-level programs in popular music; and
- to prepare students for collegiate study in music.

AUDITION REQUIREMENTS: None

PROGRAM LENGTH: 8-weeks

TOTAL HOURS PER WEEK: 10.5

Short-Term Programs

7 week sessions The Short-Term programs consist of two complementary courses taught by active music industry professionals. Students gain valuable, real-time feedback on their work and finish their program with foundational skills and knowledge in their chosen area of study.

There are four short-term programs: three for those with little to no experience (The Basics) and one for aspiring solo artists, songwriters, and producers preparing to start their music careers (the Emerging Artists Program).

NOTE: The Short-Term programs are not for credit.

The Basics: Vocal Performance

The Vocal Performance Basics program is designed for students who wish to establish fundamental skills as singers, focusing on contemporary vocal techniques and styles as well as how to adapt their performance to different types of performance scenarios. Students who complete this program are equipped with the basic knowledge, skills, and confidence to apply these techniques to their live and recorded performances.

Courses:

- Modern Vocal Technique & Style
- Performance Workshop
- Final Performance Presentations

Program Purposes:

- to develop a basic understanding of the parts of the vocal anatomy and how they are used to produce sounds
- to establish the ability to aurally identify and vocally produce sounds commonly used in popular music at a basic level
- to introduce mental, physical, and stylistic techniques for students to use to enhance their performances
- to address ways to manage performance anxiety
- to provide opportunities for students to receive feedback on their live performances and/or recordings

The Basics: Songwriting & Production

The Songwriting and Production Basics program is designed for students who wish to establish fundamental skills in songwriting and music production using a digital audio workstation (DAW). Students who complete this program are equipped with the basic knowledge, skills, and confidence to compose original songs and use a program such as GarageBand to produce them.

Courses:

- Songwriting Fundamentals
- Intro to Music Production
- Final Song Workshop

Program Purposes:

- to develop a basic understanding of song structure and methods of composing and developing melodies, basic chord progressions, lyrics, and grooves
- to establish fundamental music production skills in a digital audio workstation (DAW) such as GarageBand, both recording and editing

audio files and programming software instruments using MIDI

- to prepare students to aurally identify and verbally articulate how course concepts are applied to recorded music at a basic level
- to equip students with the basic knowledge, skills, and confidence to compose, produce, and present for feedback at least one original song.

The Basics: Musicianship Fundamentals

The Musicianship Basics program is designed for students who wish to establish a rudimentary understanding of music theory concepts and develop basic aural skills. Students who complete this program are able to read and notate music on a staff as well as transcribe and perform basic melodies and rhythms using their respective solfège systems.

Courses:

- Intro to Music Theory
- Aural Skills for Beginners
- Final Project Presentations

Program Purposes:

- to develop an understanding of foundational music theory concepts such as music notation and the construction of intervals, major and minor scales, and triads
- to transcribe, sing, and notate simple melodies using the moveable Do solfège system
- to accurately perform, transcribe, and notate simple rhythms using rhythmic solfège

Emerging Artists

The Emerging Artists Program is designed for students with a portfolio of recorded music who are poised to embark on the first stages of their careers as performing artists. Students who complete this program develop a basic understanding of the modern music industry, including music monetization and essential industry roles. They also improve their songwriting and production skills in weekly workshops with industry professionals. Finally, each student receives a one-on-one artist development consultation from a CCM faculty member to help guide their first steps towards becoming professional artists.

Courses:

- Intro to Music Business
- Originals Workshop
- Artist Development Consultation

Program Purposes:

- to familiarize students with aspects of the modern music industry landscape, including how music is monetized, the types of industry professionals who can best help them achieve their goals, and strategies to disseminate and promote their work
- to provide expert feedback on students' recorded works and introduce songwriting and production concepts to improve their music
- to prepare students to identify and succinctly articulate their skills and the iconic features of their sound and artistic vision
- to provide each student a one-on-one artist development consultation

AUDITION REQUIREMENTS: Submit an audio and/or video recording of an original work which showcases your unique musical style and artistic vision.

Program Outlines & Emphases

Voice

Our rigorous vocal courses develop proper vocal technique, thorough ear training, fluency in harmony, accurate intonation, stylistic phrasing, songwriting, and repertoire selection. During your time at CCM, your overall musicianship will quickly be strengthened, equipping you with the skills to become a highly capable, adaptable singer in today's diverse music industry. Through intensive ensemble work and individualized private lessons, you'll refine your unique artistic identity and develop a powerful stage presence as a vocalist. Receiving personalized instruction in contemporary music styles including pop, rock, R&B, jazz, and gospel will prepare you for live performance and studio work in the music business. You will perform frequently alongside your fellow voice majors as well as our world-renowned faculty members, who have deep experience in the music industry and in academia. They will serve you as supportive mentors, guiding you in all aspects of modern music including performance, recording, songwriting & composition, and business savvy.

CALIFORNIA COLLEGE OF MUSIC

AUDITION REQUIREMENTS

Voice Performance

SCALES: Sing one octave of any **major scale**, ascending and descending, using the solfege syllables “do, re, mi, fa, sol, la, ti, do” at any tempo.

SONG SELECTIONS: Perform **two songs** in any style. The first song should be any popular or original song of your choice (be sure to state the artist and song title in your video). The second song must be from the following list:

- “Amazing Grace” (Traditional – Sing at least 2 verses)
- “House Of The Rising Sun” (Traditional – Sing at least 2 verses)
- “The Star-Spangled Banner” (The National Anthem)
- “Over The Rainbow” (by Arlen & Harburg)
- “What A Wonderful World” (by Thiele/Weiss)
- “My Funny Valentine” (by Rodgers/Hart)
- “Moon River” (by Mancini/Mercer)
- “(Sittin’ On) The Dock Of The Bay” (by Redding/Cropper)
- “Can’t Take My Eyes Off Of You” (by Crewe/Gaudio)
- “Can’t Help Falling In Love With You” (by Peretti/Creator/Weiss)
- “Autumn Leaves” (by Kosma/Mercer)
- “Misty” (by Garner/Burke)
- “Imagine” (by John Lennon)
- “Yesterday” (by Lennon/McCartney)

PLEASE NOTE: *If possible, vocalists should be accompanied by a live instrumentalist, or accompany themselves on piano, guitar, or another instrument. Auditions may also be sung a cappella or to pre recorded backing tracks. Here is an example of an acceptable karaoke-style backing track for House of the Rising Sun:*
<http://www.youtube.com/watch?v=cJ-tBdK2d0k>

Do not apply any effects to your recording.

NO REVERB, ECHO, OR AUTO-TUNE OF ANY KIND IS ALLOWED.

Guitar

The guitar performance curriculum at CCM is designed to develop excellent fretboard technique, appropriate stylistic vocabulary, fluency in harmony, improvisational confidence, and songwriting ability. Through frequent comprehensive ensemble work and personalized private lessons, you'll develop your abilities as both an impressive lead guitarist and a strong rhythm player. Receiving individual instruction in contemporary guitar styles including pop, rock, R&B, jazz, and gospel will prepare you for live performance and studio work. You will perform frequently alongside your fellow guitarists as well as our world-renowned faculty members, who have deep experience in the music industry and academia. They will serve you as supportive mentors, guiding you in all aspects of modern guitar playing including performance, recording, songwriting and composition, business savvy, and how to design and manipulate effects and different amplifiers to achieve a variety of great-sounding tones.

CALIFORNIA COLLEGE OF MUSIC

AUDITION REQUIREMENTS

Guitar Performance

SCALES:

1. Play **one octave** of any **major** scale. Ascend and descend through the scale at a tempo of 72 beats per minute.
2. Play **one octave** of any **minor** scale. Ascend and descend through the scale at a tempo of 72 beats per minute.

CHORDS:

Perform the following chords in any position:

C major G major E minor A minor F major

RHYTHM GUITAR:

Perform a **12 bar blues** in any key, at any tempo.

LEAD GUITAR:

Perform the melody to **“Happy Birthday to You”** beginning on the note G.

(You may embellish or harmonize the melody if you wish.)

OPTIONAL: *Perform a selection of your choice that you feel showcases your best abilities on the guitar. (Recommended for scholarship applicants.)*

ASSOCIATE DEGREE APPLICANTS: *Perform the two musical excerpts from either Option 1 or Option 2, found on the following page.*

Choose either Option 1 or Option 2. Then perform the indicated chord progression in a style of your choice. You may use any voicing of a chord you wish. Play along with a metronome – you may choose the tempo.

OPTION 1

D Am⁷ G Em A⁷

Dm Bm⁷ G C D^{Δ7}

OPTION 2

Gm Gm⁷ Gm⁶ Cm⁷ D^{sus4} D⁷

Em Em⁷ Em⁶ Am⁷ C⁷ F⁷ G^{Δ7}

Bass

The bass performance curriculum at CCM is designed to develop excellent fretboard technique, a refined sense of groove and rhythmic specificity, the confidence to improvise tasteful walking basslines, and absolute fluency in harmony and theory. Every bass student at CCM emerges as a proficient, adaptable electric bass player, capable of meeting the needs of today's diverse music industry. Through frequent ensemble performance and personalized private lessons, you'll develop your abilities as both a supportive band member and a bass soloist. You'll receive clear instruction in contemporary styles including pop, rock, R&B, jazz, and gospel, preparing you for both live performance and studio recording work. Our world-renowned faculty members will serve you as supportive mentors, guiding you in all aspects of contemporary bass playing including performance, recording, improvisation, and business savvy. Here at CCM you'll participate in an engaging hands-on education that constantly challenges you to take your talent to new heights. CCM is the smartest first step on your journey towards becoming a pro bassist.

CALIFORNIA COLLEGE OF MUSIC

AUDITION REQUIREMENTS

Bass Performance

SCALES:

1. Play **one** octave of any **major scale**. Ascend and descend through the scale at a tempo of 72 beats per minute.
2. Play **one** octave of any **minor scale**. Ascend and descend through the scale at a tempo of 72 beats per minute.

WALKING BASSLINE:

Perform a walking bassline to a **12 bar blues** in any key, at any tempo.

POPULAR BASSLINE:

Perform at least 4 measures of the bassline to any popular song of your choice. Select a distinctive, recognizable bassline, and be sure to state the artist and title of your selection.

OPTIONAL: *Perform a selection of your choice that you feel showcases your best abilities on the bass. (Recommended for scholarship applicants.)*

ASSOCIATE DEGREE APPLICANTS: *Perform the two musical excerpts from either Option 1 or Option 2, found on the following page.*

Choose either Option 1 or Option 2. Then improvise a bass line in a style of your choice over the indicated chord progression. Play along with a metronome – you may choose the tempo.

OPTION 1

D Am⁷ G Em A⁷

Musical staff for Option 1, measures 1-4. The staff is in treble clef with a key signature of one sharp (F#) and a 4/4 time signature. The staff contains four measures of music, each with a slash indicating improvisation. The chords are D, Am⁷, G, Em, and A⁷.

Dm Bm⁷ G C D^{Δ7}

Musical staff for Option 1, measures 5-8. The staff is in treble clef with a key signature of one sharp (F#) and a 4/4 time signature. The staff contains four measures of music, each with a slash indicating improvisation. The chords are Dm, Bm⁷, G, C, and D^{Δ7}. The staff ends with a double bar line.

OPTION 2

Gm Gm⁷ Gm⁶ Cm⁷ D^{sus4} D⁷

Musical staff for Option 2, measures 1-4. The staff is in treble clef with a key signature of one flat (Bb) and a 4/4 time signature. The staff contains four measures of music, each with a slash indicating improvisation. The chords are Gm, Gm⁷, Gm⁶, Cm⁷, D^{sus4}, and D⁷.

Em Em⁷ Em⁶ Am⁷ C⁷ F⁷ G^{Δ7}

Musical staff for Option 2, measures 5-8. The staff is in treble clef with a key signature of one flat (Bb) and a 4/4 time signature. The staff contains four measures of music, each with a slash indicating improvisation. The chords are Em, Em⁷, Em⁶, Am⁷, C⁷, F⁷, and G^{Δ7}. The staff ends with a double bar line.

Drums

The drum performance curriculum at CCM is designed to develop excellent technique on the drumset, mastery of grooves common in popular styles, unwavering tempo, accurate sight-reading, and perfect “pocket,” enabling you to excel in a variety of musical contexts. By performing as the primary timekeeper for our various ensembles, you’ll gain the skills and experience to accept nearly any gig or recording session with confidence. Through our extensive drum technique courses, groove labs, and personalized private lessons, our talented instructors will help you achieve a highly nuanced sense of time and feel. Receiving personalized instruction in contemporary music styles including pop, rock, R&B, jazz, and gospel will prepare you for live performance and studio work in the music business. You will perform frequently alongside your fellow guitar, bass, and keyboard majors as well as our world-renowned faculty members, who have deep experience in the music industry and in academia. They will serve you as supportive mentors, guiding you in all styles of modern drumming.

Keyboard

The keyboard performance curriculum at CCM is designed to develop superb technical ability, appropriate stylistic vocabulary, fluency in harmony and theory, excellent sight-reading, and improvisational confidence. Receiving personalized instruction in contemporary music styles including pop, rock, R&B, jazz, and gospel will prepare you for live performance and studio work in the music business. Vladimir Horowitz said, "The piano is the easiest instrument to play in the beginning and the hardest to master in the end." At CCM, we hold the thorough classical tradition of piano pedagogy in high reverence while valuing the piano as a versatile and expressive "master instrument" that can be powerful and practical in almost any musical style. We will teach you a wide array of keyboard techniques from throughout the history of the instrument, and how to apply them to various musical situations.

KEYBOARDS

CALIFORNIA COLLEGE OF MUSIC
AUDITION REQUIREMENTS
Piano/Keyboard Performance

SCALES:

1. Play one octave of **any scale** at a tempo of 72 beats per minute.
2. Play one octave of **any scale** at a tempo of 72 beats per minute.

CHORDS:

Perform the following chords-

D major Bb major C minor F# minor E7

RHYTHM:

Play a **12 bar blues** in **any** key, at any tempo.

MELODY:

Perform the melody to **“Happy Birthday to You”** beginning on the note G.
(You may embellish or harmonize the melody if you wish.)

OPTIONAL:

Perform a selection of your choice that you feel showcases your best abilities on the piano. (Recommended for scholarship applicants.)

ASSOCIATE DEGREE APPLICANTS:

Perform the two musical excerpts from either Option 1 or Option 2, found on the following pages.

Choose either Option 1 or Option 2. Then perform the indicated chord progression in a style of your choice. You may use any voicing of a chord you wish. Play along with a metronome – you may choose the tempo.

OPTION 1

Chord progression for Option 1:

D Am⁷ G Em A⁷

Dm Bm⁷ G C D^Δ7

OPTION 2

Chord progression for Option 2:

Gm Gm⁷ Gm⁶ Cm⁷ D^{sus4} D⁷

Em Em⁷ Em⁶ Am⁷ C⁷ F⁷ G^Δ7

Songwriting & Music Production

Our songwriting and music production curriculum is designed to provide artists with the necessary compositional, production, and performance skills to elevate their original works. In the Certificate in Songwriting and Music Production program, you will learn the structural and stylistic attributes of popular music throughout the 20th century to the present, work with industry professionals to develop and refine your unique sound as a songwriter and producer, collaborate with other CCM students from various disciplines, and learn how to get started in the music business. By the end of your program, you will have a professionally-recorded demo, electronic press kit, and even a music video to use to promote yourself.

CALIFORNIA COLLEGE OF MUSIC

AUDITION REQUIREMENTS

Certificate in Songwriting and Music Production

The Certificate in Songwriting and Music Production program is intended for talented musicians, composers, and producers of all stripes. Singer-songwriters, writer-producers, film and media composers, beatmakers, rappers, and performance artists may all apply. There are no stylistic requirements or boundaries on the program; therefore, applicants must demonstrate their unique artistry through two submissions.

AUDITION REQUIREMENTS:

Include a link of your MP3 or WAV files of **two songs** within your Application for Admission, which meet the following criteria:

- At least **one** submission must be an **original work** that you composed; the other maybe a cover or another original. Your production and arrangement choices should showcase your unique musical style and artistic vision.
- At least **one** submission must be a work that you **produced** in some way. Qualifying types of music production include, but are not limited to, recording and/or mixing audio, programming MIDI instruments, and inserting and manipulating audio samples. Please provide a brief written explanation of your involvement in the production of at least one of your submissions.

NOTE:

One submission may satisfy both requirements, but you must still submit two songs in order to be accepted into the Certificate in Songwriting and Music Production program. If you have any questions about these audition requirements, please contact admissions@ccmcollege.com.

Admissions

Student Admissions

All applicants must be at least 17 years of age and have received a high school diploma or the equivalent at the time their instruction is to begin. While musicians of various skill levels are accepted, it is strongly recommended that incoming students have basic music literacy and at least one year of performance experience on their instrument. Completed applications are evaluated within 5-7 business days.

Required Application Materials

1. Completed Application including Audition Materials
2. Application Fee \$100 (\$150 International)
3. High School Diploma or Equivalent
4. Government Photo ID
5. Proof of English Proficiency

Online Application

All applicants to California College of Music MUST complete our simple, streamlined online application at:

<https://www.ccmla.edu/application>

Audition Requirements

Current Audition Requirements can be found on [voice](#), [guitar](#), [bass](#), [drums](#), [keyboard](#), and [songwriting & music production](#) pages of this Catalog, as well as on the following webpage:

[ccmla.edu/audition-requirements](https://www.ccmla.edu/audition-requirements)

YouTube links, Dropbox links, downloadable movie files, or CDs/DVDs are all acceptable formats for video audition submissions. We encourage students to film video auditions before they submit their application. Video audition links should be submitted within the application or emailed directly to **admissions@ccmla.edu**. Students may also contact an admissions representative to request an in-person audition or ask questions about our audition process at any time.

Application Fee

Applicants must pay a non-refundable \$100 application fee (\$150 International). We recommend simply paying the application fee online using a credit card (Visa or MasterCard only).

Application Deadlines

FALL 2025 ENROLLMENT

APPLICATION DEADLINE: Sept. 2, 2025

LATE APPLICATION DEADLINE: September 26, 2025
with an additional late application fee of \$70.

SPRING 2026 ENROLLMENT

APPLICATION DEADLINE: March 9, 2026

LATE APPLICATION DEADLINE: April 3, 2026 with an
additional late application fee of \$70.

Required Documents

Proof of Graduation

To be accepted for admission, an applicant must be a high school graduate or possess a recognized equivalent of a high school diploma such as the G.E.D., the Wonderlic ATB, or an accepted state high school equivalency. Acceptable forms of documentation proving graduation from high school for students include:

- a high school diploma,
- a high school transcript showing graduation date,
- a G.E.D. certificate of completion,
- a transcript from an accredited postsecondary institution demonstrating completion of coursework, or
- a postsecondary degree at the associate, baccalaureate, or graduate level.

To determine high school diploma equivalency, the College reserves the right to request proof of graduation that are granted from institutions outside the United States to be evaluated by one of the following:

- American Association of Collegiate Registrars and Admissions Officers (AACRAO),
- Association of International Credentials Evaluations (AICE), or the
- National Association of Credential Evaluation Services (NACES)

International applicants who submit foreign transcripts that are in languages other than English may also be asked to have their transcripts translated into English.

Government Photo ID

All applicants must provide the California College of Music with a high-resolution scan of an unexpired government- issued photo identification. Driver's license, passports and military identification cards are acceptable forms of identification. Acts of

impersonation will be reported to the appropriate authorities.

Note: International applicants must provide a high-resolution scan of the photo page of an unexpired passport.

Proof of English Proficiency

All students must be proficient at reading, writing, and speaking the English language. Domestic students must submit a diploma or official transcript from a high school or post-secondary institution located in the United States, as Proof of English Proficiency.

International applicants must demonstrate English language proficiency by providing one of the following:

- TOEFL iBT score of 50 or above
- TOEIC score of 600 or above
- IELTS score of 5.0 or above
- CEFR B2 Level or higher, or
- DUOLINGO Level 85 or higher

International applicants whose native language is English must provide a diploma or official transcript from a high school or post-secondary institution from their native speaking home country.

No English language services or English as a Second Language (ESL) instruction are offered at California College of Music.

Preparatory Quarter Applicants

The Preparatory Quarter is only offered in our Summer and Winter quarters. For more information on how to apply contact an Admissions Coordinator at: (626) 577-1751 or admissions@ccmla.edu.

Please see below for important dates and deadlines as well as our program chart.

Required Preparatory Quarter Materials

1. Completed Application including Audition Materials
2. \$100 Application Fee (Non-Refundable)
3. Government Photo ID
4. Proof of English Proficiency (International applicants only)

International Student Admissions

California College of Music enables music students from all around the world to receive an inexpensive education in popular music. We pride ourselves on international diversity, and we have years of experience in making the transition into an American music college as easy and as comfortable as possible for international students.

Since 1999, we have welcomed students from countries including, but not limited to, Japan, India, Brazil, Russia, China, Mexico, Turkey, Thailand, Indonesia, Norway, Switzerland, Germany, Nigeria, South Korea, Taiwan, South Africa, Colombia, Afghanistan, Armenia, Peru, Belarus, Armenia, Morocco, Botswana, Egypt, and more!

Our incoming international students can expect support from instructors and staff throughout their college program. To learn more, visit: [international student services](#).

Our admissions staff is here to help with every step of the admissions and student visa process, ensuring a very easy transition to studying abroad in the United States.

Student Visa Process

California College of Music is approved by the United States Citizenship and Immigration Services (USCIS) to issue SEVIS I-20 forms to international students who intend to apply for an F-1 student visa.

After being accepted into a program, all international applicants must complete the student visa process in order to study in the United States.

To receive a SEVIS Form I-20, international applications must submit the following:

Bank Statement

Applicants must submit a bank statement, or their financial sponsor's bank statement, demonstrating that they can afford their program tuition and fees and the cost of living in the U.S. while studying at the California College of Music.

Living costs are estimated at \$1,000.00 USD or more per month, which accounts for housing, transportation, and food. Actual living costs vary according to student choices. To calculate an approximate cost of living for the bank statement, multiply \$1,000.00 by the number of months spent in the accepted program.

If submitting sponsor information, applicants must also have the sponsor submit and sign a Letter of Financial Support.

First Quarter Tuition & Fees Payment

All international applicants must submit payment of their first quarter tuition and fees in order to receive their Form I-20.

California College of Music has partnered with **PayMyTuition** for international tuition payments. With PayMyTuition, you can pay your tuition payments from any bank, in any country in any currency at better than bank exchange rates. PayMyTuition is fast, simple, and cost effective.

SEVIS Form I-20

Once an approved bank statement and the first quarter tuition & fees payment has been received, California College of Music will issue a SEVIS Form I-20, allowing the student to apply for a student visa interview.

Once a SEVIS Form I-20 is rendered, California College of Music will email or mail out an official acceptance package. The international applicant MUST complete the following:

1. Check all required documents on the American Embassy website and fill out the Visa Application Form DS-160.
2. Submit the Visa Application Fee and SEVIS I-901 Fee to the American Embassy in their country and schedule their Visa interview. Attend the Visa interview with all required documents.
3. Receive F-1 Visa (normally within 7 days after attending the interview).
4. Schedule a flight to LAX International Airport in Los Angeles, California, U.S.A. and attend the scheduled CCM Student Orientation Day!

PLEASE NOTE: According to U.S. law, international students may not enter the United States any earlier than one month prior to the program start date, defined as student orientation day. International students must then remain enrolled in a full-time program to remain in student status with USCIS.

Admissions Policies

Re-enrollment for Completed Students Policy

A student who has completed a program at the College may reapply for a different program and, if applicable, transfer any earned credit from required courses to the new program. However, students may not reapply for the same program regardless of

emphasis and may not enroll in a lower program with the same emphasis.

In order to apply, the student must file a new Application for Admission. All supporting documents do not need to be submitted. Application fees will be waived for students who are currently enrolled and want to continue their studies in their last quarter.

If the student continues his/her studies at the College with the same emphasis, the student may either provide new audition videos or submit a jury from his/her previous quarter to the admissions department in lieu of audition videos. If a student changes his/her emphasis, then new audition videos must be provided.

Readmission Policy

A withdrawn or expelled student who wishes to be considered for readmission must file a new Application for Admission and must also meet with an Academic Advisor to discuss their eligibility to return. Returning student acceptances and enrollments are reviewed and approved by the Dean. Decisions will be made based upon prior academic progress, behavioral conduct, and changes in circumstance since withdrawal. If approved for readmission, any courses he or she completed with a passing grade will be counted toward program completion. Readmitted students must not have any outstanding tuition balance remaining from their prior enrollment.

Individuals with Disabilities

The American with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973 guarantee disabled students access to educational opportunities.

California College of Music does not discriminate against individuals on the basis of physical or mental disability and is fully committed to providing reasonable accommodations to qualified individuals with disabilities unless providing such accommodations would result in an undue burden on the College or fundamentally change or disrupt the delivery of the program for other students.

For students with disabilities or special needs, the admissions process stays the same. We encourage our students with special needs to be open and honest about their needs. Therefore, applicants are provided an opportunity to write a statement briefly outlining challenges they may face in the classroom within their application so that we can make any

reasonable accommodations. (The entire facility is located on the ground level with a ramp leading to the front door.)

A student who seeks specific accommodations for a disability must provide documentation of the disability from an appropriate licensed healthcare professional or educational information from a document such as an Individual Education Plan, 504 Plan, or Summary of Progress. This information should include the diagnosed condition, the treatment being provided (if any), and any disability-related recommendations. The documentation cannot be more than three years old and shall be submitted to the Director of Education, who will create an Accommodation Plan and be responsible for sharing the approved Accommodation Plan with instructors.

Note: Accommodations are not retroactive; therefore, it is the student's responsibility to submit all required documentation at least two weeks in advance of the start of the quarter in order to ensure that accommodations can be arranged.

Prior Experiential Learning

Prior experiential learning must be equivalent to a college or university level of learning, demonstrate a balance between theory and practice, directly relate to the student's program, and be applied to directly satisfy a course requirement in order for credit to be awarded. There is no cost associated when being considered for Prior Experiential Learning.

Prior Experiential Learning credits are only available prior to enrollment. In order to be considered students must contact an admissions representative in order to submit a formal written request for prior experiential learning and provide a professional resume. Once the Director of Education reviews the request, the student may be invited to take final examinations of equivalent courses. They must receive at least a 75% or higher in order to receive credits towards completion.

Students may appeal the Director of Education's decision for prior experiential learning credit by submitting a written appeal to the Dean. Based on the written appeal, the Dean will decide whether to administer further exams.

Of the first 60 quarter credits awarded towards program completion, no more than 15 quarter credits may be awarded for prior experiential learning.

Articulation Agreements

At this time, California College of Music does not hold any articulation agreements with other institutions.

Enrollment Agreement

After all requirements for admission have been met, each prospective student must sign an Enrollment Agreement at Student Orientation. The Enrollment Agreement is a contract between the student and the College intended to protect the student and provide specific disclosure information such as the total cost of the program, refund information (in the event of withdrawal from the College), and total length of the program of study. The student should retain a copy of the signed Enrollment Agreement for personal use. In the event that a student withdraws, then re-enrolls or changes status, a new Enrollment Agreement must be signed.

Transfer Students

Interested in transferring to California College of Music? All prospective transfer students should contact us directly at:

admissions@ccmla.edu

Any applicant may be granted transfer credit for equivalent courses taken at previous institutions. Applicants with existing musical skills may also test out of certain required courses based on their performance on our placement examinations; please see the [Placement Examinations](#) and [Test-Out Policy](#) in this Catalog. Students do not have to be currently enrolled in a music program to be able to transfer to California College of Music.

Incoming Transfer of Credit Policy

All incoming students have the opportunity to request incoming transfer credit for courses taken at institutions accredited by organizations recognized by the U.S. Department of Education and/or the Counsel for Higher Education Accreditation (CHEA) or for courses taken through the United States military or at institutions outside the United States that have been chartered or authorized by their national governments or accredited by specialized agencies in foreign countries. The College reserves the right to accept or reject credits earned at other institutions of higher education.

Official evaluation for incoming transfer credit will only occur after a student receives an offer of admission and presents a satisfactory official

transcript from an eligible institution. Incoming transfer credit is considered only for:

- courses that fulfill the College's program completion requirements,
- have been completed with a letter grade of C- or better, and
- have been completed within the past ten years.

No fees will be assessed for testing, evaluation, or granting of incoming transfer credit, and no adjustments to tuition or fees will be made for incoming transfer credit. A maximum of 20 incoming transfer credits may be accepted towards completion of an approved College program.

Regardless of the grades received in courses at other institutions, the student must demonstrate mastery of the material or competencies covered in the equivalent College courses in order to receive transfer credit. Students who wish to receive credit for classes taken prior to their matriculation to the College must notify the Director of Admissions prior to matriculation of their intention to request an incoming transfer credit evaluation, and must submit satisfactory official transcripts and course syllabuses no later than the Last Day to Add/Drop Courses in the first quarter. Transcripts received after the Last Day to Add/Drop Courses (Friday of Week 2) in the student's first quarter of attendance will not be evaluated. The College ensures that incoming transfer credit evaluation requests are administered fairly and consistently through the following procedure:

Incoming Transfer Credit Evaluation Procedure:

1. The Director of Education will examine incoming student transcripts and syllabuses from other institutions and evaluate which, if any, completed courses correspond to equivalent College program courses;
2. The Director of Education or designee (often Program Chairs) then administer the appropriate examinations or competency tests, often corresponding to the final examinations for the courses in question, which shall develop evidence that the student possesses the required competencies for the course as stated within the student learning outcomes on the CCM course syllabus;
3. The Director of Education shall make the final determination as to whether incoming transfer credit will be awarded, and document their decision in a Statement of Incoming Transfer Credit and Course Substitutions Applied;

4. The Registrar shall apply the transfer credit and course substitutions authorized by the Dean to the student's official transcript.
5. The student shall receive a *Statement of Incoming Transfer Credit and Course Substitutions Applied* within 5-7 business days. The student shall be provided with an updated Advisement Chart reflecting changes within his/her program, required courses, and new projected end date if applicable. Any changes to the projected end date that affects the overall cost of tuition shall be reflected in an updated Tuition & Fees Statement.

APPEALS: If the student wishes to appeal the incoming transfer of credit determination, he/she must do so in writing to the Dean within five business days, and provide appropriate evidence to support the appeal. The Dean will review the appeal and make a determination as to whether to approve or deny the appeal within five business days of the receipt of the appeal. The Dean's determination with respect to the appeal is final and irrevocable.

VETERAN STUDENTS ONLY: Incoming Veteran students receiving VA Educational Benefits must submit official transcripts to determine if any prior earned credit from another College or University can be applied to the intended program at California College of Music.

Veterans must follow all previously stated deadlines and are subject to the same incoming transfer credit evaluation procedure.

Outgoing Transfer Credit Policy

The College pledges to assist all enrolled students and alumni in representing and verifying course credit obtained at California College of Music to other institutions and to communicate effectively with those institutions regarding the College's course descriptions, syllabuses, and credit policies with the goal of successfully transferring course credit to other institutions.

Outgoing Transfer Credit Evaluation Procedure:

Students wishing to transfer credits from courses taken at the College to other institutions must consult with a California College of Music Academic Advisor, who, along with the Director of Administration, issues official transcripts, produces copies of the general catalog, program course descriptions, and syllabuses for the student, who must submit them for evaluation at other institutions.

The first official transcript requested will be created for the student free of charge, after which an administrative fee of \$20 per each subsequent transcript created will be charged to the student.

Students seeking to transfer credit to another institution must speak directly with the outside institution to determine which courses, if any, may be eligible for transfer of credit. Transferability of credits earned at California College of Music is always at the discretion of the institution to which the student seeks to transfer.

Students wishing to transfer credits to other institutions must be made aware in their academic advisement that their course credits may not be accepted, and that they may be required to repeat some or all of their coursework in programs at other institutions.

Note: The College does not guarantee outgoing transfer credit will be awarded at outside institutions.

Tuition & Fees

At California College of Music, we believe that an excellent college music education should be affordable for all students. A quick comparison with other institutions will show that our tuition is much less expensive than comparable private music colleges, which often charge more than \$30,000 per year for tuition alone.

In order to help alleviate the student debt crisis in the United States and create a society which includes more musicians who are economically empowered, California College of Music has set tuition costs that are (by far) the lowest among comparable schools. Additionally, [talent-based scholarships](#), and [veteran education benefits](#) for eligible students are available, which can significantly bring down the cost of tuition.

Student Tuition

Base full-time tuition for a U.S. citizen or permanent resident is \$5,970.00 per quarter. The base tuition costs for each of our programs are listed below:

Associate of Science in Performance 6 Quarters	\$35,820.00
Certificate in Songwriting and Music Production 4 Quarters	\$23,880.00
Certificate in Performance 4 Quarters	\$23,880.00
Apprentice Program 2 Quarters	\$11,940.00

NOTE: International students must maintain a minimum course load of 12 units at all times and therefore are ineligible for part-time study status, with the exception of DSO-approved emergency circumstances that meet the requirements of federal law as defined by the Department of Homeland Security.

International Student Tuition

Base tuition for international students is \$5,970.00 USD per quarter. The base tuition costs for each of our programs are listed below:

Associate of Science in Performance 6 Quarters	\$35,820.00
Certificate in Songwriting and Music Production 4 Quarters	\$23,880.00
Certificate in Performance 4 Quarters	\$23,880.00
Apprentice Program 2 Quarters	\$11,940.00

Student Fees

Initial Enrollment Fees

Application Fee	\$150.00
Materials & Maintenance Fee	\$300.00 per quarter
Student Identification Card	\$25.00
SEVIS I-20 Processing & Mailing Fee*	\$200.00
Wire Transfer Fee*	\$80.00

Miscellaneous Fees

Official Academic Transcript	\$.00 each
Late Application Fee	\$70.00
Late Tuition Payment Fee	\$100.00 per week
Change of Program, Emphasis and/or Study Status Fee	\$70.00
Additional Course Cost (if over 15 credits in a quarter)	\$398.00 / credit
Elective Private Lesson	\$700.00
Housing Placement Fee	\$250.00
Airport Pickup Fee	\$120.00

Post Enrollment Fees

Degree/Certificate Replacement Fee	\$40.00
---	---------

All fees are considered non-refundable after the "Cancellation Period"

Materials & Maintenance Fee

The Materials and Maintenance Fee of \$300.00 is assessed quarterly for each student and is used to fund the purchase and upkeep of the equipment necessary to fulfill our institution's educational objectives such as computers, software, audio equipment, amplifiers, piano tuning, etc.

Required Textbooks & Materials

Every student is provided with a Required Textbook and Materials List at the beginning of their program, and again each quarter, with the estimated pricing and location of each text. Each student must acquire the textbook(s) and materials required for each course, as stated within each course's syllabus.

Students are expected to have books in hand on the first day of instruction; all required books and materials must be physically in hand by Friday of Week 2 to avoid being administratively dropped from the course. PDF or digital copies on electronic devices are only acceptable when expressly permitted or required by the instructor within the course syllabus.) This is designed to protect students and their academic success.

California College of Music does not operate a bookstore. The California College of Music Press prints textbooks published independently by CCM faculty members, which may be purchased at the Administration Office. The CCM Library does not loan or provide any required course materials.

Required Gear

In addition to textbooks, each student must own specific musical equipment to attend classes at CCM. The following minimum gear is required of students in all disciplines and programs:

- A functional instrument (guitar/bass, piano/keyboard, drumset)
- A pair of ear plugs with a noise reduction rate of at least 20 decibels
- A ¼" instrument cable, a minimum of 10' length (Mogami/Monster recommended; drummers/singers excluded)
- A pair of earbuds, headphones, or in-ear monitors (SE215 recommended) with a ¼" male connection
- A metronome (or metronome app)
- A flash drive (USB) with at least 8GB storage

Institutional Financial Support

In order to support our students in affording the cost of an excellent higher education in music, California College of Music offers (2) institutional financial aid opportunities; **talent-based scholarships** and **economic tuition reductions**.

IMPORTANT: The maximum amount of institutional awards (Talent-based Scholarship & Economic Tuition Reduction) combined cannot exceed 30% of the programs tuition.

Talent-Based Scholarships

All new applicants pursuing full-time enrollment in one of CCM's programs are eligible to apply for a talent-based scholarship, an institutional award based on outstanding performance ability and musicianship. Students who receive this scholarship may be awarded a 5-25% reduction from tuition.

Talent-Based Scholarship Application Process

1. Apply for a full-time program
2. Submit an online Talent-Based Scholarship Application
3. Within the application, submit additional audition material that demonstrates your exceptional musical ability.
4. Within the application, submit the name and email address of someone you have studied with who can provide us with a Letter of Recommendation
5. Within the application, provide a written scholarship statement.

Each applicant is evaluated individually by his or her audition performances, statement of purpose, and Letter of Recommendation.

Auditions and statements are considered final once submitted by the applicant. California College of Music is not responsible for damage or loss of any submission. Scholarships are non-transferable and have no redeemable cash value.

Note: Scholarships are available for new applicants only. Previously or currently enrolled students are not eligible.

Student Conditions and Obligations to Maintain Scholarship

- Students must pay tuition and fees in full according to the payment schedule in the Enrollment Agreement.
- Students must maintain full-time status (a course load of at least 12 units) at all times. A student who must extend his/her program beyond the initial program length as stated in the Enrollment Agreement, whether by choice or due to failed courses, may not reapply for a scholarship or redistribute any remaining scholarship to the new quarter.
- Students must attend at least 85% of scheduled classes in every course.
- Students must make continuous academic progress each quarter and complete his/her program on time.
- Students receiving scholarships must maintain a minimum cumulative GPA of 3.0 for their scholarship award to be disbursed in each new quarter.

Veteran's Benefits

California College of Music is an approved accrediting institution which can accept educational veteran benefits for the following programs:

- [Associate of Science in Performance](#) (Voice, Guitar, Bass, Drums, and Keyboards)
- [Certificate in Performance](#) (Voice, Guitar, Bass, Drums, and Keyboards)
- [Certificate in Songwriting & Music Production](#)

All Veterans, including those on active duty, should call the Department of Veterans Affairs at (888) 442-4551 or visit www.benefits.va.gov to obtain more information regarding veteran benefits and how to apply. Students who want to enroll using VA benefits will be required to submit their Certificate of Eligibility to admissions@ccmla.edu.

VETERANS' EDUCATION BENEFITS INCLUDE:

- GI Bill®
 - Post-9/11 GI Bill®
 - Montgomery GI Bill® Active Duty

- Montgomery GI Bill® Selected Reserve

- Veteran Readiness and Employment (VR&E)
- Veterans' Education Assistance Program (VEAP)

Please visit the following links to learn more about eligibility:

Student Life & Services

Hours of Operation

The facilities are open every Monday – Friday from 8:00 a.m. to 5:00 p.m. excluding all federal holidays. Notifications of any additional or modified hours will be sent to students, faculty, and staff.

The Administration Office is open Monday – Friday from 8:00 a.m. to 5:00 p.m. The office maintains an open door policy, designed to grant students access to a staff member when he/she has questions or concerns. Students wishing to meet with a specific administrative staff are encouraged to schedule an appointment.

Student Orientation

Prior to the first day of instruction, new students are required to attend a mandatory Student Orientation at which they will be welcomed to the College, meet faculty and staff, review College policies and procedures, sign their enrollment agreement and other required documents, have questions answered, and take placement exams.

Student Handbook

Prior to Student Orientation, new students are required to read the Student Handbook. This document details all the policies, procedures, and resources every student must be aware of to complete his/her program. A copy is always readily available in the Administration Office.

Student Identification Cards

New students will take photos for their ID cards during Student Orientation. IDs are handed out during the first week of instruction. A fee of \$20 is assessed for each new student ID card. Lost ID cards can be replaced for a \$20 fee.

International Student Orientation

International students will also receive an additional orientation at which they receive an International Student Guide. This guide contains important information regarding issues such as visa maintenance, travel regulations, leaves of absence, and optional practical training.

Academic Advising

Enrolled students will participate in quarterly advisement sessions with Academic Advisors who will aid them in developing educational goals consistent with personal interests, values, and activities, as well as progression towards program completion. Advisors will provide students with information regarding all aspects of academic planning, progress, graduation requirements, and institutional and transfer requirements.

Career Development

California College of Music provides services to assist students and alumni with occupational exploration (short- and long-term), self-assessment, career development and job searches, and shall support them during all stages of their professional and career development.

Career advice sessions and workshops shall be offered in order to explore the various options for network building techniques, interview tips, assistance in conducting job and internship searches, developing skills for auditioning and portfolio building, and aid in navigating further collegiate study after graduating/completing a program.

Quarterly Concerts

During finals week, students will perform at select public venues in Los Angeles or Pasadena. These shows are promoted by the students as well as the College. They are designed to give each student valuable experience in promotion and live performance.

Jury Performances

Students enrolled in the [M100 Private Lesson](#) course must complete a live performance or presentation of recorded work in front of a faculty of jury during Finals Week; usually composed of two adjudicators.

Adjudicators will provide constructive feedback (both verbally and in writing) to students immediately following their performance. Students will be assessed based on their piece selection and prescribed technical requirements appropriate for their emphasis and level.

Artist Clinic Series

California College of Music proudly presents and documents an Artist Clinic for the benefit of students, faculty, and the community. These clinics feature renowned artists from all around the world. The goal of the Artist Clinic Series is to educate students in real-world musical experiences and provide insight into the modern music industry. To learn more about previous clinicians, visit [Artist Clinics](#).

International Student Services

International students add a great deal of cultural diversity to the student body. The CCM staff is here to assist international students with their academic, personal, and cultural growth and development during their time at CCM. Services offered include:

- Orientating newly-arrived international students to various aspects of the U.S. culture and educational system.
- Assisting international students in maintaining their student status and other related immigration matters such as F-1 extensions and O.P.T. work authorization.
- Providing cross-cultural counseling for international students in order to facilitate their adjustment to the U.S. and CCM.

International students enrolled on F-1 visas must:

- Keep their passports valid at all times.
- Maintain a full-time course load of at least 12 units.
- Make satisfactory progress towards completion.
- Refrain from engaging in off-campus employment, both before and after graduation, without appropriate work authorization.
- Ensure that their travel documents are in order before leaving the U.S.
- Follow proper procedures if transferring to a school other than the one originally authorized.

Student Housing

California College of Music currently does not have dormitory facilities or apartments under its control

and has no responsibility to assist any student in finding housing options. CCM does, however, offer an optional Housing Placement Service to any incoming student. Interested students must make a one-time (non-refundable) \$250.00 housing placement fee. However, we always encourage students to avoid the \$250.00 fee by searching for and securing their own housing accommodations. For more housing information, please visit:

For students with cars, there is a gated student lot behind the College. Otherwise, there is free parking available on the surrounding streets; all students should be aware of Pasadena city parking restrictions.

Note: CCM's Housing Placement Service only facilitates placing a student in housing. The execution of the rental agreement is at the responsibility of the student and the property owner. Any and all monthly rent payments must be paid promptly by the student to the property owner according to the rental agreement. CCM does not collect or disburse housing payments on behalf of students or property owners. All policies and procedures related to housing are at the sole discretion of the property owner or manager.

ESTIMATED LOCAL HOUSING/RENT COST IN THE PASADENA AREA

Homestay options: \$900-\$1,200.00 USD per month

Studio Apartments (not including security deposit): \$1,500.00 USD per month

One Bedroom Apartments (not including security deposit): \$2,500.00 USD per month

What to Do in Pasadena

CCM is located in the heart of Pasadena, California, walking distance from various restaurants, shopping centers, and activities. There is always something, you should never be bored here! From visiting the Huntington Library and Museum to listening to the Pasadena POPS Symphony. Students can enjoy free outdoor concerts at the Levitt Pavilion, various performances at City Hall, or even head to the Rose Bowl Stadium to hear performances from world-renowned artists. If those venues aren't enough, head over to the Pasadena Playhouse for some world-class theater! Ask at the Administration Office for more information.

Transportation

A number of transportation options are available. There is frequent bus and Metro service to downtown Los Angeles, Hollywood, the San Fernando Valley, and other suburban areas. For Metro riders, a student discount is available, and a Metro Station is within six blocks.

Academic Policies

Completion Requirements

To complete a certificate program or graduate from a degree program, students must complete all required courses as well as accumulate the minimum number of required credits for their program with a cumulative GPA of 2.0 or higher. Certificates of completion and degrees are awarded to students who have satisfactorily completed all the coursework and credit requirements needed for the Certificate in Performance, the Certificate in Songwriting and Music Production, and Associate of Science in Performance programs. Students must be in good financial standing with the College (current with all tuition and fee payment obligations) before a degree or certificate of completion will be awarded.

Minimum Credit Requirements

The minimum credits required to complete each program at the California College of Music are given below:

- [Apprentice in Performance](#): 30 credits
- [Certificate in Performance](#): 60 credits
- [Certificate in Songwriting and Music Production](#): 60 credits
- [Associate of Science in Performance](#): 90 credits

Satisfactory Academic Progress Policy

Each student is required to make quantitative academic progress toward program completion while enrolled at CCM. To maintain satisfactory academic progress, each student must attend at least 80% of all enrolled class hours during each quarter. Each student is also required to make qualitative academic progress towards program completion, which is evaluated through review of the student's cumulative grade point average (GPA) at the end of each quarter. The minimum required cumulative GPA is 2.0.

Talent-Based Scholarship Recipient

An enrolling student who was awarded a talent-based scholarship at the time of their acceptance must adhere to additional academic policies in order to maintain their scholarship. During Student Orientation, a talent-based scholarship recipient must review and sign a Scholarship Award Acceptance Agreement with the Director of Admissions.

Student conditions and obligations in order to maintain scholarship include:

- Paying tuition and fees in full accordance with the payment schedule as outlined in the Enrollment Agreement
- Maintaining full-time status (a minimum course load of 12 units) at all times
- Attending at least 85% of all enrolled courses
- Maintaining a cumulative grade point average (GPA) of at least 3.0
- Making continuous academic progress and completing his/her program on time.

In cases where a student fails to fulfill all the prescribed conditions and obligations outlined above, the College reserves the right to reassess the scholarship award and reduce or eliminate it at any time.

Placement Exams & Test-Out Policy

On Student Orientation, all incoming students are required to take placement examinations in music theory and ear training in order for CCM to properly determine existing knowledge in these particular subject areas. Students may also request placement exams in sight-reading, piano proficiency, rhythm training, and/or instrumental technique.

Students who believe they already possess the competencies sufficient to pass a required course may apply to test out up to Week 2 by taking the final exam and receiving a grade of 75% (C) or above. Students must inform the instructor and provide a written statement and explanation. A final grade must be submitted no later than Friday of Week 2 by 12:00pm. All submissions received after that date and time shall not be considered for successful test-out.

If the student meets the requirements for testing out of a course, that student shall be granted the designation of pass (P) and will receive the

appropriate course credit towards program completion. Grades of (P) count towards units completed, but are not factored into the GPA calculation.

Missed Classes & Incomplete Work

It is the student's responsibility to complete all appropriate coursework or make-up work required for the missed class (which is only assigned and accepted at the instructor's discretion) within the timeframe defined by the instructor. No make-up classes are held for classes that fall on state or federal holidays observed by the College.

A student who does not complete all coursework for a class may receive a letter grade of "I" on their transcript at the end of the quarter, at the discretion of the instructor. In this case, it is the student's responsibility to confer with the instructor to determine what work remains incomplete, and to submit the remaining coursework by the deadline designated by the instructor. If the course is a prerequisite for another course, the student will be unable to enroll in that course until he/she completes the course and receives a passing grade to replace the letter grade "I". If the course is required for program completion, the degree or certificate of completion will not be conferred until the student receives a passing grade in the required course.

Academic Probation

CCM's instructors and administrators regularly evaluate all students based on their attendance and academic performance. If a student fails to maintain an 80% cumulative attendance rate in all registered courses or has a grade point average below 2.0 in the current quarter, he or she shall be placed on academic probation. Academic probation is a period of supervision instituted by the administration because a student has failed to demonstrate satisfactory academic progress and therefore is in danger of failing to complete their program.

Probationary status is resolved if the student has brought their attendance rate above 80% and their GPA is 2.0 or higher in the following quarter. Students are notified in writing when they are placed on academic probation and informed of the steps necessary for their probationary status to be removed. Students also receive a session from academic advisors when they are placed on probation.

Administrative Withdrawal

If, at the end of one probationary quarter, the student has failed to meet the Satisfactory Academic Progress (S.A.P.) policy, they may be administratively withdrawn from his/her program at the discretion of the Dean. Should the Dean choose to allow the student to remain in his/her program for a second and final probationary quarter, the student must bring their cumulative GPA and/or attendance rate above the thresholds required by the S.A.P. policy within the quarter. If the student fails to do so, they will be administratively withdrawn from their program.

The College will notify the student in writing if they will be withdrawn for unsatisfactory academic progress.

A student may also be administratively withdrawn if a student is absent for more than 10 consecutive days of instruction, unless a leave of absence is declared.

Expulsion

Students can be expelled for violating the [Code of Conduct](#). Students expelled for academic or non-academic misconduct are administratively withdrawn from the College. An expelled student will be informed that an application for readmission will not be considered for up to one year.

Appeal & Reinstatement

If a student has been withdrawn from the College due to unsatisfactory academic progress or misconduct, the student has the right to appeal dismissal decisions made by the administration by submitting a written request to the Dean describing any mitigating circumstances or conditions that warrant special consideration. The Dean will assess all appeals and make the final determination as to whether the student may be permitted to continue in their program. The student will be sent a written decision within 10 business days of the College's receipt of the appeal. Students reinstated upon appeal of administrative withdrawal are given probationary status for the next quarter, during which time they must meet the terms and conditions set out by the Dean when granting the reinstatement.

Maximum Time Frame

All program requirements must be completed within a maximum time frame of 1.5 times (or 150% of) the normal program length, as measured in weeks of calendar time based on full-time enrollment. For example, CCM's Music Certificate Programs are 44 weeks in length and must be completed within 66 weeks (equivalent to 6 quarters). In addition, students enrolled in a part-time Certificate program must be completed within 132 weeks (equivalent to 12 quarters). Time spent on approved leave of absence is not counted against the maximum time frame. Students exceeding the maximum time frame will be administratively withdrawn.

Quarter Credit Assignment

California College of Music uses the quarter system, with four academic quarters to the calendar year. Instruction continues through the summer quarter. The Dean and Director of Education assign quarter credits to courses based on the generally accepted definition that one quarter-hour of credit hour equals three hours of work per week over a period of ten weeks, plus final examination and/or the equivalent project, jury, or performance. The College uses five course designations with the following corresponding quarter credit assignments:

LECTURE: For lecture-based classes, one credit hour represents one 50-minute recitation period of in-class instruction and two hours of homework and outside preparation per week for ten weeks, plus final examination.

LAB/WORKSHOP: For lab-style classes, also referred to as workshops, one credit hour represents 1.5 hours of in-class instruction and 1.5 hours of homework and/or independent practice, plus final examination and/or project.

ENSEMBLE: For ensembles, one credit hour represents two hours of in-class rehearsal and one hour of outside practice and preparation, plus final examination and/or performances.

PRIVATE LESSON: For private lessons, one credit hour represents one hour of private instruction per week for ten weeks, plus a final jury performance. An additional credit hour is awarded for completing 50 hours of logged practice per quarter, which equates to five hours per week.

INDEPENDENT STUDY: For independent study courses, one credit hour represents one hour of

instruction per week for ten weeks, plus final examination and/or project.

Grade Point Average Calculation

Below is California College of Music's method for calculating a cumulative GPA:

1. For each course, the instructor issues the student's percent grade, which is converted into a letter grade and grade point using the [grading chart](#).
2. For each course, multiply the grade point by the number of course credits to obtain the total grade points received.
3. Add the total grade points of all courses together to determine the cumulative grade points.
4. Divide the cumulative grade points by the total number of credits attempted to produce the cumulative grade point average (GPA).

Private Lesson

The M100 Private Lesson & Jury Performance and E100 Elective Private Lesson courses are treated somewhat differently than other college course offerings. Students who must cancel their private lesson for any reason must notify both their private lesson instructor and the Director of Administration within at least 24 hours notice. When sufficient notice of the student's cancellation has been provided, the missed lesson will be rescheduled with the instructor or a substitute instructor if the instructor's schedule does not permit within one-week of the missed lesson. If no notice is provided or is more than 15 minutes late, the student forfeits the private lesson.

Room Reservations

The Live Room, Piano Room, Vocal Booth, and Practice Rooms may be reserved outside of scheduled class time on a first-come, first-serve basis, at the discretion of the administration. Students wishing to reserve these rooms should request to do so at the Administration Office.

Registrar Policies

Add/Drop Period

Full time students may add up to 17 units with no added tuition costs or drop any course(s) by submitting a request via the student portal no later than 5:00 p.m. on Friday of Week 2, known as the Last Day to Add/Drop Courses, with no negative consequences. Courses dropped before this time will not count towards a student's total attempted credits, nor will they appear on their academic transcript. Added courses totaling above 17 units will be charged an additional per unit cost.

Per Unit Cost for Domestic Students: \$326.00

Per Unit Cost for International Students: \$398.00

Withdrawing from a Course

After Week 2 and up until the end of Week 7, a student may withdraw from a course and receive a withdrawal (W) on his or her transcript, which is counted as a percentage of 0 for the purposes of a GPA calculation, and counts towards credits attempted but not received.

Attendance Tracking Policy

Prompt and regular attendance is required in each course, and attendance is recorded daily. The only acceptable excuses for missing scheduled classes or lessons are serious illnesses or emergencies.

If a student's unexcused absences affect progress or are considered excessive, they may be withdrawn from the course by the instructor. A student who is absent from all classes in excess of ten consecutive days may be administratively withdrawn from the program.

Tardiness & Early Departures

When students arrive late to class, they have not only missed part of the day's lesson but also disrupt the teacher and other students. Instructors record late arrivals as tardy (T) and early departure from class as early departure (E). Two tardies or early departures count as one unexcused absence. If a student arrives after more than half the class time has already passed, this counts as an absence.

Grading

Grades are assigned at the end of each quarter based on a combination of test scores, homework, participation, and attendance as well as a number of other determinant factors that will vary from course to course. These factors may include, but are not limited to, overall improvement, extra credit assignments, and independent projects. College instructors issue percentage grades for each course; the letter grade is determined automatically by following the chart below:

PERCENTAGE	GRADE	GRADE POINT
97 -- 100%	A+	4.3
93 -- 96%	A	4.0
90 -- 92%	A-	3.7
87 -- 89%	B+	3.3
83 -- 86%	B	3.0
80 -- 82%	B-	2.7
77 -- 79%	C+	2.3
73 -- 76%	C	2.0
70 -- 72%	C-	1.7
67 -- 69%	D+	1.3
63 -- 66%	D	1.0
60 -- 62%	D-	0.7
0 -- 59%	F	0.0

Letter Grade Descriptions

A: Excellent. Deep understanding and mastery of material.

B: Good. Accurate, complete, and timely work.

C: Satisfactory. Generally complete and accurate work.

D: Minimal pass. Most work is incomplete with errors.

Tiered Courses

Students participating in courses that are in a tiered track (has more than one level), must pass the course with a (C-) 70% or higher in order to progress. A student who does not pass the course with a (C-) or higher must repeat the course.

Once successfully passed, the most recent grade will be recorded on the official transcript. The first attempt (with a grade of C- or lower) will be marked as (P) on the official transcript and will not count

towards credits attempted or received and will not affect the GPA.

Failing Grades

A student who receives a letter grade of "F" has failed the course, and if the course is required for program completion, the student must repeat. A marking of "F" is counted as a percentage of 0 for the purposes of GPA calculations, and counts towards credits attempted but not received.

Incomplete Grade

If extenuating circumstances such as illness or emergency prevent a student from completing a course, the instructor may elect, at their discretion, to issue the student the mark of incomplete, "I" on the official transcript. This is counted as a percentage of 0 for the purposes of GPA calculation, and counts towards credits attempted but not received.

Completing I, W, or F Courses

In order to be eligible for program completion or graduation, students must receive a passing grade in all required courses, and attain the minimum number of credits required for their program. Students receiving an F, I, or W will not be allowed to enroll in the next level of a course in a required series until a grade of at least a C- is obtained.

For incomplete (I) courses:

The student must confer with the instructor, who may, at their discretion, draft a completion plan which must be submitted and approved by the Director of Education no later than Week 12. If the student completes all required coursework to the instructor's satisfaction within the designated time frame (no more than one quarter), the grade of (I) shall be replaced by the earned letter grade. In the instance a student does not complete the assigned work, the (I) will revert to a grade of (F).

For Failed or Withdrawn Courses

Required courses for which a student receives an (F) or (W) must be repeated and completed within one year with a passing grade, or within the maximum time frame for program completion.

Repeating Courses

Completed courses may not be retaken for credit with the exception of required failed courses and meeting minimum required grades for tiered-level courses. For required tiered level and failed courses, there is no limit to the number of courses students

may retake. However, all students must complete their program within the maximum time frame. Students may elect to audit a course already completed for no-credit.

Change of Program, Emphasis & Study Status

The College recognizes that some students may desire a different program, emphasis, or study status after initially attending classes due to personal, medical, family, financial, or other reasons. Students are allotted a maximum of one program and/or emphasis change and shall be charged a non-refundable \$70.00 processing fee.

A student may request a change at any time. In order for the current enrolled quarter to reflect that change, they must make that request no later than Friday of Week Two, the Last Day to Add/Drop Courses and submit a Request for Change of Program/Emphasis/Study Status Form.

To this end, certain policies have been established regarding the changing of program, emphasis or study status for students:

1. Students must complete all required classes (including private lessons and practice hours) related to their new area of emphasis in order to complete their program.
2. Students who have changed emphases or programs must complete all required courses for the new emphasis in order to complete.
3. Students who have changed their program must receive the minimum required credits for the new program in order to complete.

Leaves of Absence

Students enrolled in the Certificate in Performance, Certificate in Songwriting and Music Production, or Associate of Science in Performance programs may be authorized to take a maximum of one leave of absence (LOA) during their academic program, not to exceed two quarters in length. Students enrolled in the Apprentice in Performance may be authorized to take one leave of absence not to exceed one quarter in length.

Leaves of absence are generally only granted for unexpected circumstances such as poor health, family crises, or other significant occurrences outside the student's control. It must be demonstrated by the student that the circumstances had or will have an adverse impact on the student's satisfactory progress in the program. Requests for a leave of absence must include the reason for

requesting leave and an anticipated return date and must be submitted to the Director of Administration in writing, signed and dated by the student. Upon returning from a leave of absence, the student must schedule a re-entrance meeting with a Student Advisor to assess the student's progress towards program completion. Failure to return to classes as scheduled without prior written notification and approval from the Director of Administration will result in the student being administratively withdrawn from his or her program.

Separate legal restrictions and guidelines apply to international students seeking to take a leave of absence, which are detailed in the International Student Guide available in the Administration Office as an addendum to the Student Handbook and given to international students at International Student Orientation.

Program Withdrawal

Withdrawal is the voluntary departure from a program of study. Students who wish to withdraw from their program should meet with their Academic Advisor to discuss their situation and submit an **Institutional Withdrawal Form**. The Academic Advisor will review all policies, procedures, and rules associated with resigning enrollment. Once the Institutional Withdrawal Form is submitted, the Director of Administration will review any remaining financial balances and terminate the enrollment agreement. If applicable, refer to the [Refund Policy](#).

Transfer & Readmitted Students

Transfer or readmitted students from outside the College will be evaluated qualitatively only on the work completed while at California College of Music. The maximum time frame for program completion may be reduced for transfer students based on the remaining length of the program in which they enroll, at the discretion of the Dean.

Financial Disclosures

Tuition & Payment Responsibility

Students assume the responsibility for payment of the tuition costs in full, either by direct payment or through a payment plan as described in our financial

aid options. All financial arrangements must be made before your classes begin. California College of Music never requires payment of more than one quarter's tuition at a time from any student. The College accepts payments by personal check, cash, money order, bank transfer, Visa, MasterCard, or PayMyTuition. The College reserves the right to change tuition and fee amounts; tuition and fee increases, when instituted, shall only be applied to future unpaid quarters in which the student may choose to enroll.

Delinquent Tuition Payments

Students who miss their tuition payment will automatically be assessed a \$100.00 late fee each week payment is not received. By three weeks or more they are considered delinquent and will be contacted by CCM administration. They will then be removed from their courses and must meet with the Director of Administration in order to resolve their delinquency and remain in good financial standing. Until payment is received, students will not be eligible to enroll in the upcoming quarter. If payment is not received by Friday of Week 2, the student will be administratively withdrawn from their program. Failure to satisfy delinquent accounts within 60 days may result in the account being submitted to a collection agency for processing.

Student's Right to Cancel

Every student has the right to cancel their enrollment and obtain a full refund of charges (100 percent of the amount paid for institutional charges minus the application fee) paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. The student must provide written notice of cancellation to the registrar before 5:00 p.m. on the first day of instruction or the seventh day after enrollment, whichever is later.

If the student pays tuition but does not show up for class during the entire first week of the quarter (a type of cancellation known as a "no-show"), the student will be issued a full refund (minus the application fee) and will be automatically removed from their classes.

Refund Policy

If 60% or less of the quarter has been completed, the student shall receive a pro rata refund of any unearned institutional charges minus all non-refundable fees. Students are entitled to a refund regardless if the withdrawal status was voluntary or involuntary. All refunds shall be issued within 45 days from the date of determination (DOD), the date the College receives the students Program Withdrawal Form or the date the College administratively withdraws or expels the student.

The pro rata refund to a withdrawn student shall be calculated by subtracting the total amount paid to the institution (either full tuition or quarterly payment) by the amount the student owes the institution. To determine the amount owed by the student, the College shall multiply the daily charge for the program or quarter (tuition amount divided by the number of days in the program or quarter) by the number of days the student has attended using the last date of attendance (LDA) as determined by faculty attendance ledgers.

Example:

An enrolled student who makes quarterly payments voluntarily withdraws from his/her program on a Thursday of the 3rd week of a quarter.

*\$4,680 (domestic quarterly tuition)
divided by
50 (number of days of instruction in the quarter) =
\$93.60 (daily charge)*

*\$93.60 (daily charge)
multiplied by
14 days (number of days student attended) =
\$1,310.40 (amount owed from student)*

*\$4,680 (student's tuition payment)
Minus
\$1,310.40 (amount owed from student) = \$3,369.60
(pro-rated refund to the student)*

If the student withdraws after completing more than 60% of the quarter, the college will retain 100% of tuition for the period of attendance.

If the student's tuition and fees were disbursed by a third party organization, all refund monies shall be paid by the College directly to the source of funding. The student is still responsible for any monies owed to that organization (if applicable) as per the financial agreement the student signed with the funding source.

Student Tuition Recovery Fund

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 N. Market Blvd Ste 225, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, the location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day

period before the program was discontinued.

3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but has been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of no collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or taxpayer identification number.

General Policies

Code of Conduct

Students, faculty, and staff of California College of Music are expected to conduct themselves courteously and professionally at all times. Conduct considered harmful to others or interfering with the rights of others or the reputation of California College of Music will not be tolerated and may be subject to disciplinary action. The Code of Conduct applies to any and all visitors and guests on campus and at CCM-sponsored events.

CCM will impose sanctions on students and employees for violations of the standards of conduct (consistent with local, state, and federal laws).

Behavioral Responsibilities

Students, faculty, & staff are expected to behave in a respectful and inclusive collegiate manner. The administration reserves the right to dismiss, suspend, or place on probation any student as well as terminate employment of an employee whose behavior is in violation of College policies. Reasons for such action include:

- Coming to class in an intoxicated or drugged state.
- Possession of drugs or alcohol on campus.
- Possession of a weapon or flammables on campus.
- Behavior creating a safety hazard to other person(s).
- Disobedient or disrespectful behavior towards other students, administrators, or faculty members.
- Stealing, damaging, or misusing property belonging to the College or another student.
- Obstruction of, or interference with, CCM activities or facilities.
- Unauthorized occupancy of CCM facilities.
- Interference with the right of any faculty, staff, or student to gain access to any CCM event or facility.
- Failure to cooperate with CCM staff or faculty.
- Harassment, including sexual harassment, of any fellow students, faculty, or staff of CCM.
- Plagiarism, cheating, or other academic dishonesty.
- Wearing clothing with pictures or language denoting violence, prejudicial biases, sexual

acts, or other inappropriate depictions or suggestions.

- Violations of local, state and/or federal laws.
- Possession, copying, or distribution of illegal or unlicensed software.

Verbal or Physical Misconduct

Verbal or physical conduct by any employee, faculty member, or student that harasses, disrupts, or interferes with another's performance or that creates an intimidating, offensive, or hostile environment will not be tolerated. The definition of harassment is not limited to the supervisor-employee or instructor-student relationship; peer harassment should also be reported. Any employee, instructor, or student has a responsibility to maintain a workplace and classroom environment free of any form of harassment and has a responsibility to report any behavior of a supervisor, employee, instructor, or fellow student that he or she believes constitutes harassment.

The College Directors reserve the right to develop any policy or take any action(s) deemed appropriate to maintain the safety and well-being of any or all students, faculty, and staff. Disciplinary action may be taken against a student for violation of the foregoing policies which occur on CCM owned, leased, or otherwise controlled property or which occur off campus when the conduct impairs, interferes with, or obstructs any CCM activity or the missions, processes, and functions of the California College of Music. In addition, disciplinary action may be taken on the basis of any conduct, on or off campus, which poses a substantial threat to persons or property within the CCM community. CCM will impose disciplinary sanctions on students and employees consistent with College policy and local, state, and federal laws.

Instructors have the primary responsibility for control over behavior and maintenance of academic integrity in the classroom and studios. The instructor can order the temporary removal or exclusion of any student engaged in disruptive behavior in violation of the College Code of Conduct. Extended exclusion (such as through probation or suspension) or permanent exclusion (such as expulsion) from the classroom or College can be affected only by following the pertinent CCM procedures.

Academic Dishonesty

In the case of plagiarism, cheating, or other forms of academic dishonesty or misconduct, the instructor has the discretionary authority to assign a zero (0) for the exercise or examination. If the student believes that he or she has been erroneously accused of academic misconduct, and his or her

final grade has been lowered as a result, the student may appeal the case to the Director of Education.

Cheating includes, but is not limited to:

- Forging or altering registration or grade documents.
- Taking an examination for another student or having other students take an exam for you.
- Changing an answer after work has been graded and presenting it as improperly graded.
- Any behavior that misrepresents someone else's words or ideas as one's own.

Plagiarism in any form constitutes cheating under this college's policies and procedures. Such an act may be found as grounds for a failing grade, probation, suspension, or expulsion.

Appropriate Attire

Students, faculty, and staff of the California College of Music students are expected to be neat, clean, and appropriately attired while on campus or at College functions due to safety and state health standards. Students may be asked to change attire if a staff member deems their attire inappropriate to the academic atmosphere of the College. Please remember that potential employers and guests visit the College and clothing sets an impression. Students, faculty, and staff are encouraged to represent the College in the best possible light at all times.

Animals & Service Pets

In order to provide a safe, non-threatening and healthy environment for all College community members, animals, including pets, of any kind are not permitted in campus grounds with the exception of approved service or assistance animals for individuals with disabilities. The College is committed to providing reasonable accommodation to students with disabilities.

Smoking Policy

California College of Music is a smoke-free facility. Smoking, including the use of e-cigarettes, marijuana, vapes, or tobacco, is not allowed anywhere in the building at any time. Students who smoke must do so more than 25 feet away from any College entrance.

Drug & Alcohol Prevention

CCM is an alcohol- and drug-free campus. California College of Music forbids the use, possession,

distribution, or sale of drugs or alcohol by students, faculty, or staff anywhere within the College facilities. Anyone in violation of state, federal, or other local regulations with respect to illegal drugs or alcohol may be subjected to both disciplinary action and criminal prosecution.

Drug and/or alcohol dependency is a serious problem affecting a large percentage of the world's population.

Students who feel they are struggling with drug and/or alcohol abuse or addiction are encouraged to seek help through the following organizations:

Alcoholics Anonymous L.A. Central Office
4311 Wilshire Blvd., #104, Los Angeles, CA 90010
Tel (323) 936-4343
<http://www.laocaa.org>

City of Pasadena Recovery Center
1845 N Fair Oaks Ave., Pasadena, CA 91103
Tel (626) 744-6005

<http://cityofpasadena.net/publichealth/>

Health Risks Associated with Drugs & Alcohol

ALCOHOL RISKS - Alcohol abuse is a progressive disorder in which physical dependence can develop. Even low doses of alcohol impair brain function, judgment, alertness, coordination and reflexes. Very high doses cause suppression of respiration and death. Chronic alcohol abuse can produce dementia, sexual impotence, cirrhosis of the liver, and heart disease; and sudden withdrawal can produce severe anxiety, tremors, hallucinations, and life-threatening convulsions.

MARIJUANA RISKS: Impaired perception, Diminished short-term memory, loss of concentration and coordination, impaired judgment, increased risk of accidents, loss of motivation, diminished inhibitions, risk of AIDS and other STDs, increased heart rate, anxiety, panic attacks, and paranoia, hallucinations, damage to the respiratory, reproductive, and immune systems, increased risk of cancer, psychological.

COCAINE RISKS: Dependence and addiction, irregular heartbeat, heart attack, and heart failure, strokes, seizures, fungal brain infections, and hemorrhaging in tissue surrounding the brain pulmonary effects, such as fluid in the lungs, aggravation of asthma and other lung disorders, and respiratory failure psychosis, paranoia, depression, anxiety disorders, and delusions, increased risk of traumatic injury from accidents and aggressive, violent, or criminal behavior, sleeplessness, sexual

dysfunction, diminished sense of smell, perforated nasal septum, nausea, and headaches. Crack users often singe eyebrows or eyelashes with the flame of matches or lighters. They also burn fingertips and other body parts from contact with superheated vessels (e.g., glass pipes). Fetal cocaine effects include premature separation of the placenta, spontaneous abortion, premature labor, low birth weight and head circumference at birth, greater chance of visual impairment, mental retardation, genitourinary malformations, and greater chance of developmental problems. For intravenous (IV) cocaine users, there is increased risk of hepatitis, HIV infection, and endocarditis. For addicts, whether they smoke, inject, or snort, promiscuous sexual activity can increase the risk of HIV infection.

Information pulled from the US Department of Health and Human Resources and SAMHSA's National Clearing House for Alcohol and Drug Information ncadi.samhsa.gov American Council for Drug Education, an Affiliate of Phoenix House www.acde.org.

Consensual Relationship Policy

Students shall not engage in consensual romantic or sexual relationships with College faculty or staff. Individuals employed or contracted by the College have a professional position of authority with respect to the student and serve in their various roles as teachers, advisors, evaluators, and supervisors to the student as part of a College program. Should a consensual relationship develop or appear likely to develop between a student and a faculty or staff member of the College, the student and the College employee will be subject to appropriate discipline at the discretion of the Dean, up to and including expulsion of the student and/or termination of the employee.

Student Complaints & Grievances

Most problems, complaints, or issues that CCM students may have with other students, the College, or its instructors or staff members can be resolved through a personal meeting with the student's instructor or a student advisor. If the student feels his/her issue is unresolved after one such personal meeting, he/she may request a meeting with the Dean. If the student is still dissatisfied, he/she may submit a written grievance to:

California College of Music
Attention: President
42 S. Catalina Ave., Pasadena, CA 91106

Or a student may submit a formal complaint or grievance on our website (with the option of anonymity) at: ccmla.edu/student-portal.

The written grievance should contain a statement of the problem, the date the problem occurred, the names of individuals involved, copies of any documents containing information pertaining to the problem, and the student's signature. CCM pledges to respond in writing to all written grievances within ten business days.

A student or any member of the public may file a complaint about this institution with the Bureau for Private Postsecondary Education or the National Association of Schools of Music. Filing a complaint with the Bureau of Private Postsecondary Education can be made by calling (888) 370-7589 toll-free or by completing a complaint form, which can be obtained on the Bureau's internet web site www.bppe.ca.gov. Filing a complaint with the National Association of Schools of Music can be made by mailing the [NASM Official Complaint Form](#) in addition to supporting evidence to the NASM National Office by U.S. Mail or courier service. Electronic submissions are not allowed.

Approvals & Disclosures

Legal Authority

CCM is a private, for-profit institution of higher learning approved by the Bureau for Private Postsecondary Education (BPPE) to operate in the state of California. The Bureau's approval means compliance with minimum state standards and does not imply any endorsement or recommendation by the State of California or the Bureau. California College of Music is not affiliated with any parent or sibling organization. This school is authorized under federal law to enroll nonimmigrant alien students.

The Charter of the California College of Music defines the objects, powers, officers, and statutory bodies of the College, including the composition of the Board of Directors and such fundamental powers as those of awarding degrees. Furthermore, the complete organization of our institution is defined, including the roles of administrative directors, department chairs, faculty, and staff members. The Charter is publicly available on our website, ccmla.edu, in the Student Consumer and Institutional Information section.

Any questions a student may have regarding this catalog that have not been satisfactorily answered by the institution may be directed to the Bureau for Postsecondary Education at:

**1747 N. Market Blvd Ste 225
Sacramento, CA 95833
P.O. Box 980818
West Sacramento, CA 95798-0818
Website: www.bppe.ca.gov
toll-free telephone number (888) 370-7589
or by fax (916) 263-1897**

As a prospective student, you are encouraged to review this catalog prior to signing an enrollment agreement. You are also encouraged to review the School Performance Fact Sheet, which must be provided to you prior to signing an enrollment agreement.

Institution Financial Status

This institution has neither had a history of a pending petition in bankruptcy nor operated as a debtor in possession. It has not filed a petition for bankruptcy within the preceding five years nor has had a petition in bankruptcy filed against it within the

preceding five years that resulted in reorganization under Chapter 11 of the United States Bankruptcy Code.

English Language Statement

All classes at California College of Music are taught in English; no instruction is offered in any language other than English. The only exceptions are occasional performance repertoire selections in which the lyrics are in another language. In these cases, no prior proficiency or experience in those languages is required; students are coached by instructors on proper diction and pronunciation in the necessary languages, as well as the translated meaning of the lyrics.

Non-Discrimination Policy

California College of Music is a post-secondary educational institution of higher learning that admits academically qualified students without regard to gender, age, race, national origin, sexual orientation, veteran status, pregnancy, or disability and affords them all rights, privileges, programs, and other opportunities generally available to students at the California College of Music. CCM does not discriminate on the basis of gender, age, race, color, national origin, sexual orientation, veteran status, pregnancy, or disability in admissions, employment services, or access to its programs and activities.

Family Educational Rights & Privacy Act

The Family Educational Rights and Privacy Act (FERPA) affords eligible students who are 18 years or older and attending a postsecondary institution certain rights with respect to their education records. These rights include:

- The right to inspect and review the student's education records within 45 days after the day CCM receives a request for access. A student should submit a written request to the Registrar that identifies the record(s) the student wishes to inspect. The Registrar will make arrangements for access and notify the student of the time and place where the records may be inspected.
- The right to request an amendment to the student's record. A student who wishes to ask the school to amend a record should submit a written request to the Registrar clearly identifying the part of the record the student wants changed and why it should be changed. If the school decides not to amend the record as requested, the Dean will notify

the student in writing of the decision and of the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

- The right to provide written consent before CCM discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

Students have the right to file complaints with the U.S. Department of Education concerning alleged failures by the California College of Music to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

FERPA permits the disclosure of PII from a student's education records without consent of the student if the disclosure meets certain conditions in §99.31 of the FERPA regulations. Except for disclosures to school officials; disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information; and disclosures to the student; §99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures.

California College of Music may disclose PII from education records without obtaining prior written consent of the student:

- To other school officials, including teachers, within the California College of Music whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institution services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))
- To officials of another school where the student seeks or intends to enroll, or where the student is already enrolled, if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))
- To authorized representatives of the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities such

as a State postsecondary authority that is responsible for supervising the university's State-supported education programs. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)

- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or to enforce the terms and conditions of the aid. (§99.31(a)(4))
- To organizations conducting studies for or on behalf of the school in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. (§99.31(a)(7))
- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))
- To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))
- To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))
- In connection with information the school has designated as "directory information" under §99.37. (§99.31(a)(11))
- To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of §99.39. The disclosure may only include the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding. (§99.31(a)(13))
- To the general public, the final results of a disciplinary proceeding, subject to the requirements of §99.39, if the school determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense, and the student has committed a violation of the school's rules or policies with respect to the

allegation made against him or her. (§99.31(a)(14))

- To parents of a student regarding the student's violation of any Federal, State, or local law or of any rule or policy of the school governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of 21. (§99.31(a)(15))

Records Retention

CCM shall keep all student records for a minimum of five years from the last day of attendance. They may be accessed upon the student's request. Academic transcripts of work completed by students at the California College of Music will be retained permanently.

The College Directors can discuss any safety concerns or crime statistics with students and parents. Students and employees must report any crime that takes place on campus directly to a College Director. The Director or his or her designee will contact law enforcement as needed to address any criminal activity on campus. Victims and witnesses can report any criminal activity on a voluntary, confidential basis directly to a College Director. Students who are found guilty of criminal activity on or off campus during a College-sponsored activity will face disciplinary action from the College up to and including expulsion as well as a response from local law enforcement. To prevent unauthorized entry onto the campus, employees and students must have their college identification cards on their person at all times. All visitors must register at the front desk before proceeding on campus. Students and employees are encouraged to bring any security concerns directly to a College Director. In the case of an on campus emergency, students must follow instructions from CCM employees. In the event of an evacuation, students and employees should follow the evacuation maps, found on campus in the main hallway and in the Administration Office.

Liability Disclaimer

California College of Music is not responsible for loss of, or damage to, personal property and/or personal injury that may occur while on CCM premises.

Accreditation Status

California College of Music is an accredited institutional member of the National Association of Schools of Music.

State-Required Notices

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION:

The transferability of credits you earn at California College of Music is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the Associate Degree or Certificate you earn in the Associate of Science Degree in Performance program, the Certificate in Performance program, or the Certificate in Songwriting and Music Production program is also at the complete discretion of the institution to which you may seek to transfer. If the credits, degree, or certificate that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending California College of Music to determine if your credits, degree, or certificate will transfer.

CCM pledges to assist students who request outgoing transfer credit by providing academic advice and all relevant transcripts, syllabi, and course outlines.

Loans Disclosure

If a student obtains a loan to pay for an educational program, the student will have to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student receives federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal financial aid funds.

Completion Rates

Up to date completion/graduation rates are available for each program within the college's School Performance Fact Sheet located at the following url:

<https://ccmla.edu/student-consumer-information/>

Job Placement

California College of Music pledges to provide job placement assistance for all graduates of its vocational programs; however, graduation from the College does not guarantee employment. Self-employment is a common vocational objective in the music and recording industries. Instructors are encouraged to serve as character references and give whole-hearted job recommendations for students who demonstrate a high level of professionalism, skill, and talent in their area of study.

Up to date job placement rate data are available for each program within the college's School Performance Fact Sheet located at the following url:

<https://ccmla.edu/student-consumer-information/>

Sourced Data

Completion rates, job placement rates, and student body demographics was sourced from application forms, employment verification forms, and the College's institutional student information database.

Job Classification

Our mission is to educate musicians effectively and empower them with the tools for dynamic self-expression in modern popular music. Accordingly, all our programs establish skill-sets that prepare students for gainful employment within the music industry in the positions stated below. These positions are given using the job classifications taken from the U.S. Department of Labor's Standard Occupational Classification codes at the Detailed Occupation (six-digit) level:

27-2040 Musicians, Singers, and Related Workers

27-2042 Musicians and Singers -- Play one or more musical instruments or sing. May perform on stage, for broadcasting, or for sound or video recording. Illustrative examples: Guitarist, Drummer, Vocalist, Bassist, Keyboardist, Singer, Rapper, Multi-instrumentalist, Studio Performer

27-2041 Music Directors and Composers -- Conduct, direct, plan, and lead instrumental or vocal performances by musical artists or groups, such as orchestras, bands, choirs, and glee clubs; or create original works of music. Illustrative examples: Songwriter, Composer, Arranger, Orchestrator, Ensemble Member, Choirmaster, Music Director

27-4014 Sound Engineering Technicians -- Assemble and operate equipment to record,

synchronize, mix, edit, or reproduce sound, including music, voices, or sound effects, for theater, video, film, television, podcasts, sporting events, and other productions. Excludes "Audio and Video Technicians" (27-4011). Illustrative examples: Audio Recording Engineer, Sound Editor, Sound Effects Technician, Record Producer

Copyrighted Material

California College of Music pledges to adhere to the Copyright Act of 1978 and to practice fair and legal methods of distributing music and instructional material. If copyrighted material or music is given to a student for educational purposes, that student is informed of copyright laws and under no circumstances has permission from CCM to further copy the music or pass it along to any third party. Unauthorized distribution of copyrighted material, including unauthorized peer-to-peer file sharing, may subject the students to civil and criminal liabilities; a summary of the penalties for violation of Federal copyright laws.

Reserved Rights

CCM reserves the right to change the requirements for admission or graduation; modify the staff; modify content or materials of courses; change tuition fees, class schedules, and any regulations affecting the student body; and consider extenuating circumstances related to individual application of the policies stated in the catalog. Also reserved is the right to cancel a course if there is insufficient enrollment. Such changes shall become effective on a date determined by the administration. Changes in tuition or length of course will not affect those students who are currently enrolled. The College strives to meet the needs of the student and the business community. Periodic revisions of courses and programs are made to benefit the student in his or her vocational training.

Recording Studio

California College of Music contains two Studio Control Rooms that are patched to multiple tracking rooms including the Isolation Booth, Live Ensemble Room, Piano Room, Choir Room, and Music Technology Lab – in effect, our entire facility functions as a modular recording studio! CCM

students benefit greatly from our production and recording courses which include Studio Recording Sessions and the Music Technology course series. Our flagship performing groups such as our Contemporary Ensemble, Groove Ensemble, Jazz Ensemble, and Pop Choir also frequently make use of our studios to record their repertoire. Below is a gear list showcasing some of the best equipment available at the California College of Music studios. Our studios are available for rent by special arrangement with the administration.

Faculty Profiles

Alessandro Bertoni (Adjunct Faculty - Keyboard & Music Theory) hails from Treviso, Italy. He took up classical piano at the Conservatory of Castelfranco at an early age, received his diploma there, and moved onto jazz studies in Milan and Padua. He then moved to the high energy environment of Los Angeles, where he now lives and works as a performer, session keyboardist, and music educator. His musical style is defined by intense instrumental technicality and heavy arrangements blended with improvisational jazz fusion elements. After completing his studies at Musician's Institute, his first major project was Aphelion, with whom he released "Franticode" in 2008, an album produced by the keyboard guru Derek Sherinian. In 2013 he released his debut solo album "Keystone," published

by German label Generation Prog Records. "Keystone" includes performances by such luminaries as guitarist Brett Garsed, bassist Ric Fierabracci, and legendary drummer Virgil Donati, and Alessandro's forthcoming recordings will feature drummer Thomas Lang and bassist Stu Hamm. Alessandro has recorded and produced keyboards for more than 20 albums by artists all around the world. He is an endorsing artist for Nord and Studiologic, and frequently performs live with various prog rock, metal, and pop rock bands in the industry as a hired musician. He considers himself a guitar-oriented keyboardist, and cites his main influences as Jon Lord, Keith Emerson, Derek Sherinian, Jan Hammer, John Medeski, Jeff Beck, Eddie Van Halen, Allan Holdsworth, and old school progressive rock.

Andreas Farmakalidis (Adjunct Faculty-Songwriting & Music Business)

Andreas Farmakalidis, a Berklee college of music (BA), codarts (Ba), Harvard (MA), and Brandeis University Graduate (MFA) is an accomplished music educator, award-winning songwriter, and passionate advocate for the arts. With a rich background that bridges political science, education, and music, Andreas is dedicated to fostering the transformative power of music in both educational and community settings. A recipient of the prestigious John Lennon Songwriting Contest award and a Hollywood Music Award. Andreas's talents extend far beyond the classroom. His experience as a touring and recording musician has given him a deep understanding of the music industry, which he now channels into his educational initiatives.

As the Vice Chair of the North Valley Regional Chamber of Commerce and an active member of the Granada Hills Rotary Club, Andreas has been instrumental in supporting and promoting various music-related programs. He is actively involved in creating and implementing music curriculums for all levels of education, aimed at inspiring social-emotional growth and cultural appreciation.

Michael Eisenstein, B.M. (Adjunct Faculty-Guitar & Songwriting)

Michael is a guitarist, songwriter, and producer based in Los Angeles. He has been a member of the band Letters To Cleo since 1991, whose hit single "Here & Now" propelled the band to national prominence in 1995. As a guitarist, Michael has toured with Melissa Etheridge, Lalah Hathaway, Lisa Loeb, Tonic, and Our Lady Peace, and has recorded

with James Taylor, Hillary Duff, and The Monkees, as well as session work with Grammy winning producers Kenneth Babyface Edmonds, Bob Rock, Adam Schesinger, and Trina Shoemaker.

Cydney Wayne Davis (Adjunct Faculty-Voice) is a seasoned professional lead and background singer who has harmonized her 4 octave voice with legendary artists such as *Marvin Gaye, Ray Charles, Barry White, Joe Cocker, Donna Summer, Stevie Wonder, Bette Midler, Fifth Dimension, Kenny Loggins, Marilyn McCoo & Billy Davis Jr., and Diana Ross* in both live performances and studio recordings. "The lessons and tricks of the trade that I've learned from some of the most creative and successful artists in the world gives me a professional edge when I take center stage with my own show for concerts or special events as well as in the classroom when I'm coaching and mentoring a new artist. My experience gives me an advantage to take on any situation". As a BMI songwriter and music publisher with *Happnin' Hooks Music*, Cydney's original music can be heard in movie sound tracks such as "*T.O.O. G.O.O.D*" in *Heaven Is A Playground*, "*Listening For Your Love*" in *Black Magic Woman*, and "*You're Gonna Love It*" recorded by *Diana Ross* on her *Force Behind The Power* CD. Her vocal students include beginners as well as professional recording artists and Grammy winners such as jazz artist *Norman Brown*, Fifth Dimension's *Florence Larue*, *George Brown* of Kool and the Gang, also members of the *LION KING*, r&b vocal trio *JADE*, latin girl group *Soluna*, and Motown recording artist and EMINEM's "Track 13 Girl", *Dina Rae*. "I enjoy passing on the knowledge I've learned from musical genius' and watching an artist grow into their potential". With a passion for telling stories Cydney was naturally drawn into theater both an actress and playwright. A long time member of the ROBEY THEATRE COMPANY's Advanced Scene Study Workshop taught by Ben Guillory, Cydney honed her craft as an actress and won the 2013 NAACP's Theatre Award for BEST SUPPORTING ACTRESS for her role as "Theresa Lucasta" in Robey Theatre's production of "Anna Lucasta."

German Schauss, B.A. (Adjunct Faculty - Guitar & Music Production) As an educator, German has taught and currently teaches at music institutions such as California College of Music; Berklee College of Music; the International School of Music (ISM) in Tokyo, Japan; and the Seoul Jazz Academy in Seoul, Korea. His experience in education includes private instruction in guitar; conducting ensembles in various contemporary pop, rock, and metal styles;

teaching courses in music theory, composition, and recording technology; and leading styles labs. Furthermore, he conducts clinics on modern rock guitar techniques for music schools and music retail stores such as Guitar Center. Additionally, German authored bestselling books for Alfred Publishing on the application of rock guitar styles, ranging from technique development to arranging classical music by composers such as Bach, Paganini, and Beethoven for contemporary rock guitar. German also writes the popular monthly guitar column "Instant Shredding" in Germany's biggest guitar magazine "Gitarre & Bass." He is a 5-time recipient of the ASCAP Plus Award from the American Society of Composers, Authors, and Publishers. The July 2008 Issue of Guitar World Magazine listed German as one of the fastest guitarists of all time. As an active performing guitar player and composer for TV and film, German stays current in diverse musical styles and also performs and tours, which gives his teaching methods a contemporary touch. German is endorsed by Schecter Guitars, Bogner Amps, EMG Pickups, D'Addario, Planet Waves, Maxon, Voodoo Lab, GruvGear, Rocktron, Godlyke, Kemper Amps, PreSonus, Pedaltrain, Native Instruments, and Morley.

and composes as a sideman for various jazz, folk, and blues ensembles in the SoCal area such as Reza Rohani, Mary McGuinness, and Groove Empire Orchestra.

Bruno Oliveira (Adjunct Faculty-Music Theory and Music production)

Growing up in Brazil, Bruno started playing guitar at the age 11 and developed his musical background exploring playing heavy metal and classical music. He studied classical guitar at the Universidade Federal de Pernambuco, classical piano at the Conservatório Pernambucano de Música and contemporary harmony with Thales Silveira (Berklee alumni).

In 2016, Bruno was awarded a scholarship to study at the Berklee College of Music and graduated from there in 2019 with a degree in Film Scoring with a minor in Video Game Scoring.

Bruno Oliveira is a composer, guitarist, and orchestrator based in Los Angeles. His music is recognized by the combination of elements from different traditions such as classical, ethnic, metal, and electronic. His production track "North Pole Position" was awarded Best Christmas Production Track at the 2023 Production Music Awards in London, UK.

Dr. Sherri Canon, Ph.D. (Adjunct Faculty - Music History) is an ethnomusicologist and drummer/percussionist. Her teaching experience includes Western music theory, popular music history, jazz appreciation, world music, drums, percussion, and piano. With thirty years experience as a drummer and percussionist, Sherri Canon has a deep history in the Austin, Texas music scene, having performed and recorded with a number of pop and rock bands. After studying music for a year at the University of Ghana in the 1990s, she directed African music ensembles in Austin for several years. A notable music teacher, Canon was awarded "Best Drum Teacher" by the Austin Chronicle. Canon's research and publications on the African immigrant Diaspora explore the links between music and dance, life cycle rituals, identity, and kinship for West African immigrants in Southern California. Canon contributed a chapter about Ghanaian and Senegalese immigrant baby naming ceremonies to the book, *African Minorities in the New World* (2008), and a chapter about the late Nigerian popular musician, Chief Stephen Osita Osadebe, to the book, *Nigeria in the Twentieth Century* (2002).

Dom Capuano (Adjunct Faculty - Production) Dom Capuano (born Domenico Capuano) is an Italian-born Los Angeles-based composer, songwriter, and music producer. Since the early 90s, Dom Capuano has established himself as a composer and record music producer. He is considered a "successful composer on the mainstream" (Italian Cit) due to his continuous research in experimental sound. Over the years, he has composed and produced many hit records. By the beginning of his professional career, Dom was involved in several records that reached over 20 million sales worldwide, archiving 3 times platinum with over 3 million units sales in the U.S. (certified RIAA), 2 Platinum and 3 gold in Europe with over 1,500,000 copies composing *Move Your Body* by Eiffel 65, in addition to other awards, reaching over 10 millions of copies worldwide. He also received gold discs with the Da Blitz, Gabry Ponte, Karmah (2 in Germany, 2 in the U.K., 6 in Italy, including for the single "Let Me Be" from the Da Blitz, 1 France, 1 Spain).

Faculty Qualifications

All instructions at California College of Music are administered by faculty members who are eminently qualified for their positions through their own academic achievement as well as their professional

experience in the popular music industry. The minimum academic qualification for faculty members is a baccalaureate degree or higher in the field of music, or the equivalent professional experience. The minimum professional qualification for faculty members is participation in at least one large-scale, professionally released recording of a quality on par with music industry standards. This twofold approach of confirming our faculty's qualifications using both academic and professional metrics ensures that our instructors are capable of fulfilling the Mission, Vision, and Purposes of the College.

Alumni Network

Mailing List

California College of Music maintains a mailing list for alumni, friends, family, and community members in order to provide notification of artistic and professional opportunities such as live performances, recording sessions, music competitions, teaching positions, job openings, and further collegiate study. Alumni may opt out of the mailing list at their discretion by notifying the Director of Administration.

Career Services

California College of Music supports students during all stages of their professional career development, from self-assessment and career exploration to developing resumes, cover letters, and interview skills, to providing assistance with internships and employment searches. We work closely with students to ensure a high level of preparation in their job search, and many of our students have succeeded in securing employment in music-related positions.

Christopher R. Kapica, M.M. (Adjunct Faculty-Music theory, Bass) is a composer, multi-instrumentalist, and educator from Carmel, NY, who strives to straddle the line between the classical and pop music worlds. He studied composition at The Juilliard School, earning Bachelor's (2008) and Master's (2009) degrees as a student of Grammy- and Pulitzer Prize-winning composer Christopher Rouse. Chris discovered his own passion for teaching as an ear training instructor for Juilliard's college and pre-college programs from 2007-2010. Since then Chris has

written works for orchestra, dance, theater, TV, and advertising and toured the country as a bassist. His music has appeared in Cirque du Soleil, the TV network VICELAND, the New York Philharmonic's inaugural Biennial Festival, Carnegie Hall's Neighborhood Concert Series, and the Albany Symphony's American Music Festival. Steve Smith of the NY Times wrote that Chris's musical offerings in Juice Box Hero, his 2010 oratorio about the last day of kindergarten, were "deployed with sure instincts and dramatic flair." Chris also received a 2009 ASCAP Morton Gould Young Composer Award for his choreographed work for mixed ensemble, Flak, featuring him as a guitarist. As a bassist he has performed in groups opening for artists like the Allman Brothers Band, Neil Young, Heart, the Black Keys, the Neville Brothers, McCoy Tyner, the Raconteurs, Buddy Guy, and Esperanza Spalding in venues ranging from Alice Tully Hall in New York to the Roxy in Los Angeles. His first book, Chordcraft: A Workbook of Popular Music Harmony, is one of CCM's required music theory texts. Chris is thrilled to bring his experience and verve to CCM in efforts to empower and inspire the next wave of music mavens.

Craig Pilo (Drum Program Chair) graduated from the University of North Texas College of Music in 1995 with a B.A. in Music. In 1997, he toured with famed trumpeter Maynard Ferguson to promote his "One More Trip to Birdland" CD. From 1998 until 2002, Craig worked with Player ("Baby Come Back") and did studio sessions for TV & film. A partial list of credits from this period includes: Ally McBeal, Boston Public, Sex and the City, CSI Miami, Malcolm in the Middle, Sabrina, The Osbournes, and the movies Basic and Dirty Dancing II: Havana Nights. Artists Craig has worked with include Billy Vera, Malo, Heatwave, Blue Magic, and Deniece Williams, and Pat Boone. In 2005, Craig joined "Rock N Roll Hall-of-Fame" singer Frankie Valli's touring band. Two years later, in 2007, Craig was also able to tour with Edgar Winter. In April of 2007 Craig released a solo CD called "Just Play" on Rue De La Harpe Records, winning the "Jazz Artist of the Year" award at the Los Angeles Independent Music Awards. In November of 2008, Craig played on and produced "Expressionism" for the Slow Club Quartet. The CD received glowing reviews and attained a global audience. Currently Craig continues touring with Frankie Valli, composing music, and recording drums for various projects.

Career Resources

The CCM library maintains a comprehensive collection of books on the following topics:

- Strategies for music success
- How to get a job in the music industry
- Getting signed
- Contracts
- Financial management for musicians
- Music business terms

Students may check out library books at the Administration Office.

Artist Clinic Series

Each quarter, talented musicians and music industry professionals from Los Angeles are invited to the California College of Music campus to deliver a performance as well as a question-and-answer session for enrolled students. These clinics are also free and open to the public; they are attended by alumni, faculty, staff, and members of the community.

The purpose of the Artist Clinic Series is to expose students to successful music industry professionals, so that they may be inspired by their stories and wisdom and be guided by their direct insights into their career development. Students enrolled at CCM are required to attend Artist Clinics as part of their curriculum. Students should use this opportunity to listen to new styles of music, ask questions about performance techniques and career opportunities, and receive suggestions on how to get started in professional music.

Visit our webpage for more information and video clips of past artists: ccmla.edu/artist-clinics

ARTIST CLINIC: SONGWRITER & PRODUCER- DANIEL CAPELLARO

Singer, songwriter, producer, and actor Daniel Capellaro, is versed in styles ranging from pop to R&B to country. Daniel has collaborated with high profile artists like Boyz II Men, Pitbull, P!nk, Chris Brown, and Mary J. Blige. He will discuss what aspiring artists need to know about the music industry and will present

examples of his collaborative and solo work.

ARTIST CLINIC: COMPOSER & PRODUCER – MAKO

Alex is a producer, singer-songwriter, and composer whose singles such as "Smoke-Filled Room" and collaborations on theme songs for several League

of Legends World Championships have garnered millions of streams. He has played high-profile festivals across the world such as Coachella, Lollapalooza, EDC Las Vegas, Electric Forest, and Electric Zoo and worked alongside artists such as David Guetta, Avicii, Steve Angello, and Alan Walker.

ARTIST CLINIC: DRUMMER – CRAIG BLUNDELL

Craig has played in many different settings and genres over the years, from serving in the Royal Marines Corps of Drums to performing at the world's biggest drum festivals. He has performed with members of iconic bands including King Crimson, Deep Purple, Iron Maiden and Rainbow and has written for mainstream television. Craig is currently touring and recording with Frost* and Steven Wilson.

ARTIST CLINIC: GUITARIST – FRANK GAMBALE

Notable as a member of Return to Forever and Chick Corea's Elektric Band, Frank has been an active musician for 34 years and released twenty albums, two of which earned Grammy nods. A respected guitar pedagogue, he has helped to establish

economical and sweep picking as prominent techniques.

ARTIST CLINIC: TV/FILM COMPOSER - SEAN PACK

Rising TV and film composer Sean Pack showed samples of his work, offered insights on scoring for visual media, software/hardware professionals use, music licensing and royalties, and how to get started in the industry. His works include Take Two, SWAT (2017), Castle, and Baby Driver.

ARTIST CLINIC: GUITARIST - ANDRE NIERI with guest vocalist Tina Aldana

Virtuoso Brazilian guitarist Andre Nieri presented both original and popular songs, providing insight into his approach to his unique technical prowess & the motivation to work in the modern industry. He was the winner of the 2014 Guitar Idol competition and is a member of the Virgil Donati Band.

ARTIST CLINIC: SINGER/SONGWRITER – SUMITRA with guest guitarist Alex Machacek

Having released her first full-length solo album *Still*, Sumitra performed original works, provided unique tips on how to compose & perform, and how she got to this point in her career. Prior to the clinic, she released 3 albums, worked with artists including Kruder & Dorfmeister,

Gloria Gaynor, Terry Bozzio, and toured in the U.K., United States, and India.

ARTIST CLINIC: GRAMMY NOMINEE - SHOJI KAMEDA

Grammy-nominated recording artist, Shoji Kameda, provided a masterful introduction to taiko drumming in the context of eclectic modern urban compositions, showcasing his unique blend of contemporary and traditional styles. Shoji is a composer and leading player of North American taiko, and a founding

member of the kaDON Ensemble and the jazz fusion group, Hiroshima. He has performed with Stevie Wonder, scored award-winning films, and was nominated for a Grammy in 2009 for Best Pop Instrumental Album.

ARTIST CLINIC: BASSIST – ANTHONY CRAWFORD with guest drummer Gergo Borlai

As one of the most in-demand session bassists in the L.A. music community, Anthony has performed with such luminaries as Allan Holdsworth, Justin Timberlake, Erykah Badu, Herbie Hancock, Ciara, Mary J. Blige, Virgil Donati, and Stanley Clarke. Accompanying

Anthony on drums, Gergo Borlai made a grand appearance behind the kit. Gergo has appeared on more than 300 albums, received two lifetime achievement awards and two “gold record awards” as well as the Golden Drumstick Prize and the Artisjus Lifetime Achievement Award.

Course Descriptions

California College of Music's course offerings are divided into the following categories:

Private lessons
Capstone projects
Core musicianship and music analysis courses
Performance courses
Songwriting and production courses
Studio recording courses
Career development courses
Ensembles
Electives

NOTE: Hours/credits given are for one quarter of each course.

Private Lessons

M100 / M200

Private Lesson & Jury Performance

1 hour per week

2 credits

Weekly one-hour, one-on-one lessons with expert instructors strengthen a student's abilities on their primary instrument by focusing on technical proficiency and accuracy, tone, rhythm and groove, style, dynamics, phrasing, and applied music theory. Students demonstrate their progress in these areas through a performance adjudicated by members of the faculty during finals week, consisting of selections from the popular music repertoire and technical requirements.

Note: Emphasis and quarter designations are added to the course code for M100/M200. For example, a guitarist in their third quarter of the Private Lesson & Jury Performance course series enrolls in the M100G3 course. A guitarist in their fifth quarter enrolls in the M200G5 course. (The 200 designation signifies the student's second year of study.)

M101

Private Lesson & Jury Presentation

1 hour per week

2 credits

Weekly one-hour, one-on-one lessons with expert instructors strengthen CSMP student's songwriting and production skills by focusing on song structure, melody, harmony, grooves, developing musical material, recording technique, production elements, mixing/mastering, and applied music theory.

Students demonstrate their progress in these areas during finals week by performing or playing a recording of one or two original works for a panel of adjudicators composed of members of the faculty and performing the technical requirements for their level.

Note: Program and quarter designations are added to the course code for M101. For example, a student in their third quarter of the Private Lesson & Jury Presentation course series enrolls in the M101SMP3 course.

M200SP

Private Lesson & Showcase Prep

1 hour per week

1 credit

In the sixth quarter of the Associate Degree program, instructors prepare their students for the Professional Showcase & Jury (M299). Instructors help students select songs to present in the showcase, produce lead sheets for the ensemble, and execute the technical demands of the set on their primary instrument. Logged practice hours are not required for Private Lesson & Showcase Prep.

Capstone Projects

The Associate of Science in Performance degree program and the Certificate in Songwriting and Music Production program each culminate with a course leading towards the completion of a final project.

M299

Professional Showcase & Jury

2 hours per week

2 credits

Prereq: M200 Private Lesson & Jury Performance

The Professional Showcase & Jury course is the capstone project of the Associate Degree program at CCM. In this instructor-facilitated but student-led course, the cohort of sixth-quarter students who are candidates for their Associate Degree must come together as an ensemble and, on their primary instruments, perform a complete set of songs at a professional level. Each student must select at least one tune for the showcase and provide a self-produced lead sheet for that tune to the adjudicators. Students will arrange the music and direct the ensemble, building leadership, collaborative, and organizational skills.

M179

Making Your EP

2 hours per week

2 credits

Prereq: M170C Producing in Popular Styles

Students in the Certificate in Songwriting and Music Production program apply all the knowledge and skills gained throughout their program to completing their capstone project: writing and producing at least a three-song extended play (EP) recording. In the Making Your EP course, students take their EPs from concept to creation with the aid of weekly feedback from the instructor and lecture content based around their artistic interests and needs. At the end of the course, students present their recordings to their peers, faculty members, and/or a panel of outside industry professionals invited by the instructor.

Core Musicianship and Music Analysis

These lecture-style courses develop students' fundamental understanding of music through the study of music theory, ear training and transcription, rhythm, piano proficiency, sight-reading, and history.

M107

Hand Percussion

1 hour per week

1 credit

Prereq (non-Drum emphasis only): M127B Rhythm Training II

Students learn the fundamental techniques used to play the tambourine, shaker, cowbell, cajon, bongos, congas, claves, and other hand percussion instruments. The class also introduces common rhythmic idioms these instruments play in various styles of music.

M109A

Piano Proficiency I

1 hour per week

1 credit

Note: The M109ABCD Piano Proficiency course series is not required for students whose emphasis is Keyboard Performance.

This course track is designed to instill basic keyboard competency in students for whom the piano is an auxiliary instrument. Topics include fingering, note-reading on the grand staff, pedaling, intervals, triads in root position, major scales, and arpeggios. Students also learn to perform simple chord progressions and idiomatic gestures of popular styles.

M109B

Piano Proficiency II

1 hour per week

1 credit

Prereq: M109A Piano Proficiency I

Piano Proficiency II expands students' technical ability and harmonic vocabulary, introducing triads in inversion and simple II-V-I progressions. Students also begin performing simple repertoire selections.

M109C

Piano Proficiency III

1 hour per week

1 credit

Prereq: M109B Piano Proficiency II

In the third level of Piano Proficiency, students learn to play natural minor scales and major and minor arpeggios with both hands and correct fingerings and begin playing common 7th chords in all inversions. Students also improve their sight-reading abilities at the piano by playing two-voice Bach arrangements and hone their accompaniment skills by playing three-note II-V-I progressions with chord extensions.

M109D

Piano Proficiency IV

1 hour per week

1 credit

Prereq: M109C Piano Proficiency III

In addition to enhancing overall dexterity and stylistic accuracy at the keyboard, students in Piano Proficiency IV apply their growing music theory knowledge to performing more complex chords and progressions, harmonic and melodic minor scales, and four-voice Bach arrangements.

M116

Instrumental Performance Workshop

1 hour per week

1 credit

This recurring lab-style course offers instrumentalists a safe setting to explore new playing styles and techniques while gaining confidence in live performance. Students perform weekly and receive constructive critiques from the instructor on intonation, dynamics, expression, rhythmic specificity, and style.

M120A

Popular Music Theory I

3 hours per week

3 credits

This course introduces the building blocks of popular music and how to identify, organize, notate, and perform them. After covering concepts like key signatures, rhythm and meter, and the movable Do solfège system, students then learn the distances

between the twelve equally-tempered pitches within an octave (called intervals) and use them to construct major and minor scales, triads, and 7th and 6th chords. Popular Music Theory I also covers the relationships between keys, displayed using the Circle of 5ths, and the corresponding harmonies of major and minor keys expressed with Roman numerals.

M120B

Popular Music Theory II

3 hours per week

3 credits

Prereq: M120A Popular Music Theory I

Building upon material from Popular Music Theory I, this second level focuses on the fundamental properties of diatonic harmony, including chord function (the roles chords play in a progression) and tonicization. Students will learn how to build and order triads and 7th chords to create functional progressions with smooth voice leading. Popular Music Theory II also introduces the seven diatonic modes and how their idiosyncrasies can affect both melody and harmony.

M120C

Extended Harmony

3 hours per week

3 credits

Prereq: M120B Popular Music Theory II

Continuing from Popular Music Theory I and II, Extended Harmony covers extended chords (those with 9ths, 11ths, and 13ths) and added note chords; chromatic mediant relationships; tritone substitution; and modulation. The course also highlights harmonic idioms like "backdoor" progressions and introduces several new modes and their chord-scale relationships. Students will analyze popular music examples containing these elements and apply course concepts to the keyboard and/or their instrument as well as their own compositions.

M121A

Ear Training I

2 hours per week

2 credits

Designed to run concurrently with Popular Music Theory I, the first level of Ear Training teaches students how to internalize the movable Do solfège system. Students strengthen aural skills by singing and transcribing melodies derived from major and natural minor scales (and the intervals comprising them) as well as triads.

M121B

Ear Training II

2 hours per week

2 credits

Prereq: M121A Ear Training I

Building upon the skills learned in Ear Training I and running alongside Popular Music Theory II, the second level of Ear Training emphasizes hearing and singing inverted triads, common 7th and 6th chords, suspended chords, and melodies derived from the harmonic and melodic minor scales. Students will also transcribe diatonic chord progressions and melodies from popular music recordings.

M121C

Ear Training III

2 hours per week

2 credits

Prereq: M121B Ear Training II

After Ear Training II, students begin to aurally identify examples of chromatic inflection by singing and transcribing modal melodies and progressions featuring chords borrowed from the parallel key and the Dorian, Phrygian, Lydian, and Mixolydian modes as well as tonicization using secondary dominants. Students also learn to hear inverted chords commonly used in popular music progressions.

M123

Advanced Musicianship

3 hours per week

3 credit

Prereq (non-Drum emphasis only): M127B Rhythm Training II

Prereq (all students): M120C Extended Harmony, M121C Ear Training III

Advanced Musicianship explores the application of theory knowledge and aural and rhythm skills to real-world musical scenarios. Students will compose short chords and backup harmonies to existing and original melodies, sing a tune while performing a separate rhythm with their hands and/or feet, have "musical conversations" (call-and-response performances) with their peers, hone their conducting technique, and attempt to resolve other impromptu musical situations devised by the instructor. For their final project, students will record a short, multi-tracked original work applying course concepts.

M124A

Sight-reading I

1 hour per week

1 credit

This course focuses on the development of sight-reading ability by emphasizing major and minor key signature, scale degree, and interval recognition as well as rhythmic specificity. Students sight-read simple, diatonic melodies in treble and

bass clefs in 4/4 time with rhythm values up to the eighth note.

M124B

Sight-reading II

1 hour per week

1 credit

Prereq: M123A Sight-reading I

In Sight-reading II, students continue their sight-reading development by reading passages with melodies derived from the major scale and the natural, harmonic, and melodic minor scales. Other meters including 2/4, 3/4, 6/8, 3/8, and 2/2 are introduced. Students also perform duets and explore the meaning of dynamic markings.

M124C

Sight-reading III

1 hour per week

1 credit

Prereq: M123B Sight-reading II

The third level of Sight-reading explores musical passages which combine all variants of the minor scale (natural, harmonic, and melodic). Students also begin sight-reading excerpts employing the blues scale and diatonic modes, notably Dorian and Mixolydian.

M124D

Sight-reading IV

1 hour per week

1 credit

Prereq: M123C Sight-reading III

The final level of Sight-reading features musical passages rich in chromaticism. Students will encounter chromatic passing and neighboring tones, secondary dominance, bebop scales, and diatonic and altered modes. This course also introduces sight-reading in odd meters like 5/4 and 7/8.

M127A

Rhythm Training I

1 hour per week

1 credit

Students learn to accurately execute and transcribe rhythms in simple and compound meters, subdividing beats into up to four parts using rhythm solmization (e.g.: "1-e-&-a"). In addition to rhythmic transcription, this course emphasizes rhythmic vocalization, conducting, and various forms of physical coordination, such as clapping and stomping to keep precise time.

M127B

Rhythm Training II

1 hour per week

1 credit

Prereq: M127A Rhythm Training I

The second level introduces swing feel; eighth-note triplets; simple polyrhythms like 3:2 (hemiola) and 4:3; and rhythms in irregular and mixed meters. As part of their final project, students also apply rhythmic solmization to an excerpt from popular music that they transcribe.

M128A

Blues Analysis & Lab

1.25 hour per week

1 credit

Prereq: M120A Popular Music Theory I, M121A Ear Training I

The Analysis & Lab course series exposes students to common idioms of several musical styles and provides opportunities for students to apply their newfound knowledge to their instrument. In the first level, students discover the harmonic and melodic conventions of the blues from the early 20th century to the present. They transcribe common blues progressions, compose short blues songs, and gain comfort with blues gestures through performance.

M128B

Latin Styles Analysis & Lab

1.25 hour per week

1 credit

Prereq (non-Drum emphasis only): M127A Rhythm Training I

Prereq (all students): M120A Popular Music Theory I, M121A Ear Training I

This course introduces performers to the fundamentals of various Latin styles. From salsa to son, rumba to reggaeton, bossa nova to bachata, Latin Styles Analysis & Lab covers the key rhythmic figures of each style (e.g.: the clave) as well as common gestures and progressions associated with each of them. Students will then gain proficiency in these genres through performance.

M128C

R&B/Soul Analysis & Lab

1.25 hour per week

1 credit

Prereq: M120C Extended Harmony, M127A Rhythm Training I

In the final level of CCM's Analysis & Lab course series, students apply their knowledge of extended harmony and rhythm to analyzing and performing soul and R&B repertoire. Songs are introduced chronologically from the 1960s till the present day so that students can trace the stylistic development of this music throughout history. In addition to theoretical study and performing song excerpts, students gain insights into the societal

circumstances informing and compelling the creation of the works studied in class, thereby developing a holistic understanding of the music.

M162A

Popular Music History I

2 hours per week

2 credits

Popular Music History I present a historical survey of popular music in America from the mid-1800s to the 1950s. It explores the roots of American popular music, including blackface minstrelsy, vaudeville, Tin Pan Alley, ragtime, jazz, blues, hillbilly, country music, rhythm & blues, and early rock 'n' roll. Students learn to discern the stylistic nuances of, and recording practices associated with, these genres. This course also provides the context in which the music was created, including the social, cultural, historical, economic, and political conditions of the day.

M162B

Popular Music History II

2 hours per week

2 credits

Prereq: M162A Popular Music History I

Popular Music History II covers the music made from the 1960s till the present, spanning Motown, the British Invasion, country music, urban folk, disco, soul, reggae, punk, new wave, funk, hip hop, world music, and the digital age. Students learn to identify the salient features of various types of popular music from the last 60 years and study the zeitgeist informing each genre's development.

Performance Based Courses

Performance based courses emphasize instrumental or vocal technique, accurate stylistic interpretation, improvisation, instrument tone, and applied music theory. These courses can be lecture- or lab-based.

Bass Emphasis Courses: [Program Outline](#)

M103A

Bass Technique I

1 hour per week

1 credit

Bass program students develop fundamental techniques like finger style and pick style attack, basic chord shapes, major and minor scale shapes, and idiomatic gestures like slapping and popping. This course also focuses on common grooves in popular styles and the basics of choosing bass tones and pickup settings.

M103B

Bass Technique II

1 hour per week

1 credit

Prereq: M103A Bass Technique I

Bass students continue applying theoretical concepts to their instrument, learning to play more complex arpeggio patterns, extended chord voicings, diatonic modes, and blues scales. Bass Technique II also focuses on sight-reading lyric sheets and rhythm charts.

M103C

Bass Technique III

1 hour per week

1 credit

Prereq: M103B Bass Technique II

Bass students continue expanding their technique by learning natural and false harmonic production, multi-finger picking, and advanced muting techniques. Bass Technique III also explores the nuances of walking basslines and Latin and Caribbean styles.

M103D

Bass Technique IV

1 hour per week

1 credit

Prereq: M103C Bass Technique III

In the final quarter of the Bass Technique series, students focus on the art of soloing through transcribing and performing bass solos recorded by master players. By the end of the quarter, students will employ all the tools honed throughout the Bass Technique series while improvising their own solos with confidence.

Drum Emphasis Courses: [Program Outline](#)

M104A, B, C, and D

Drumset Technique I-IV

1 hour per week

1 credit

Prereq for M104B: M104A Drumset Technique I

Prereq for M104C: M104B Drumset Technique II

Prereq for M104D: M104C Drumset Technique III

In this course series, students learn the fundamental techniques, reading skills, and musicianship skills needed to perform music on the drumset. Drummers improve their snare drum technique by playing in two distinct styles: rudimental and classical. Students will analyze and perform a variety of repertoire, watch and listen to instructor demonstrations, and watch video performances of world-class performers. Students' technical development is measured primarily through their successful execution of Whaley and Cirone Etudes and

performing drumset repertoire from the popular music canon.

M125A, B, C, and D

Drumset Sight-reading I-III

1 hour per week

1 credit

Prereq for M125B: M125A Drumset Sight-reading I

Prereq for M125C: M125B Drumset Sight-reading II

The Drumset Sight-reading track prepares students to sight-read drum charts in various styles, including rock, funk, swing, jazz, bossa, samba, and ballads. Students will learn the different notational conventions of drum chart writing such as specific notation and “kicks over time” and be able to react to dynamic markings, formal indicators (repeats, D.S. al Coda, etc.), and other written instructions to accurately realize the music.

Guitar Emphasis Courses: [Program Outline](#)

M102A

Guitar Technique I

1 hour per week

1 credit

Guitar program students develop fretboard fluency and connect music theory concepts to their instrument by studying chord shapes and voicings, melodic intervals, and major scale patterns.

M102B

Guitar Technique II

1 hour per week

1 credit

Prereq: M102A Guitar Technique I

In the second level of Guitar Technique, students continue applying their knowledge of intervals, the major scale, triads, and 7th chords to the fretboard. Guitar Technique II also focuses on employing the studied chord voicings, interval fingerings, and scale positions when reading simple chord charts and melodic passages.

M102C

Guitar Technique III

1 hour per week

1 credit

Prereq: M102B Guitar Technique II

Guitar Technique III students explore performing the harmonic minor scale in various positions and harmonizing it with triads and 7th chords. This course also introduces legato articulation (hammer-ons and pull-offs) and polyrhythmic patterns.

M102D

Guitar Technique IV

1 hour per week

1 credit

Prereq: M102C Guitar Technique III

The fourth level of Guitar Technique emphasizes the musical applications of the melodic minor scale and its corresponding modes. Students also begin applying their knowledge of scale and mode patterns, arpeggios, scale and mode harmonization, and 7th chord voicings to melodic improvisation and chordal arrangement.

Keyboard Emphasis Courses: [Program Outline](#)

M105A

Keyboard Technique I

1 hour per week

1 credit

Keyboardists focus on technical agility and efficiency; chord voicings and inversions; harmonizing melodies; performing idiomatic phrases in modern styles of rock, pop, and jazz; and the fundamentals of improvisation.

M105B

Keyboard Technique II

1 hour per week

1 credit

Prereq: M105A Keyboard Technique I

The second level of Keyboard Technique introduces fingerings for inverted 7th chords and four-octave minor scales and triad arpeggios. Students also begin performing simple II-V-I progressions and improvisation of simple melodies in jazz standards.

M105C

Keyboard Technique III

1 hour per week

1 credit

Prereq: M105B Keyboard Technique II

Keyboard students expand their harmonic vocabulary by beginning to perform the seven diatonic modes, additional 7th and 6th chords, and common chord progressions with added tensions.

M105D

Keyboard Technique IV

1 hour per week

1 credit

Prereq: M105C Keyboard Technique III

The final level of Keyboard Technique introduces fingerings for several modes of the harmonic and melodic minor scales, voicings for extended chords, and various “turnaround” chord progressions.

Students also apply concepts from throughout the course series to expand their improvisational skills.

M136

Keyboard Tone Production

1 hour per week

1 credit

This course covers the history, sonic properties, methods of sound production, and musical applications of various analog keyboard instruments such as the pipe and electric organs, Rhodes piano, mellotron, clavinet, and analog synthesizers. Students study recordings of works featuring archetypal examples of these keyboards and perform idiomatic passages using digital emulation of these instruments.

Voice Emphasis Courses: [Program Outline](#)

M108A

Vocal Technique I

1 hour per week

1 credit

Vocal Technique I provides an introduction to the anatomy of the vocal mechanism. Students learn about vocal registers and the passages that connect them, and how vowels and consonants affect vocal production. Students will then apply this information to the components of contemporary commercial vocal styles including cord function, vowel brightness/darkness, vibrato and use of breath.

M108B

Vocal Technique II

1 hour per week

1 credit

Prereq: M108A Vocal Technique I

Vocal Technique II stresses advanced analysis of vocal techniques common to commercial music genres. Students will learn to utilize different pharyngeal and laryngeal configurations to produce the idiomatic gestures of various popular music genres.

M108C

Vocal Technique III

1 hour per week

1 credit

Prereq: M108B Vocal Technique II

Vocal Technique III continues with the analysis of the defining vocal traits and vocal techniques used in current contemporary music including R&B, Soul, Pop, Rock, Electronica, and hybrid styles. Students will use their technical knowledge of the voice and vocal styles to analyze their own voices and begin the process of defining their own vocal style. Students will apply their knowledge of tessitura and

vocal registers to making choices about song keys and exploring the vocal impact of key changes.

M108D

Vocal Technique IV

1 hour per week

1 credit

Prereq: M108C Vocal Technique III

Vocal Technique IV introduces issues of voice technique in relation to acoustic production: the technology used in live performance and recording including compression, EQ, reverb, and Autotune. Students learn about vocal hygiene and how to develop stamina and maintain vocal health. Vocal Technique IV also covers the range of vocal techniques and stylistic approaches which exist in the commercial marketplace so that they can successfully interact with music producers, vocal contractors, and music directors.

M115

Vocal Performance Workshop

1.5 hours per week

1 credit

This recurring lab-style course offers voice students a safe setting to explore new singing styles and techniques while gaining confidence in live performance. Students perform weekly and receive constructive critiques from the instructor on intonation, dynamics, expression, rhythmic specificity, and style.

Courses Required for Multiple Emphases

M139

Textures, Tones, & Looping

1 hour per week

1 credit

This course covers different tonal effects such as delay, reverb, compression, amp modeling, phasing, flanging, equalization, octaving, distortion, tremolo/vibrato, and looping techniques.

M106A

Applied Theory Lab I

1.5 hours per week

1 credit

Prereq: M120B Popular Music Theory II, M121B Ear Training II

The Applied Theory Lab course series is designed for instrumentalists to apply music theory concepts they have learned to live performance. In the first level, guitarists, bassists, keyboardists, and drummers play exercises featuring harmonic and melodic structures like the Gregorian modes, harmonic and melodic minor scales, and Circle of

5ths progressions. Students also begin exploring various improvisation techniques and receive feedback on their solos from the instructor.

M106B

Applied Theory Lab II

1.5 hours per week

1 credit

Prereq: M106A Applied Theory Lab I, M120C Extended Harmony, M121C Ear Training III

In the second level of Applied Theory Lab, guitarists, bassists, keyboardists, and drummers perform arrangements and exercises featuring odd meters; metric modulation; common progressions in popular music using extended chords; and scales such as the octatonic, acoustic, altered, Phrygian Dominant, and whole tone scales. Students continue to improve their compositional and improvisational skills through guided performance prompts and real-time feedback from the instructor.

Songwriting & Production Courses: [Program Outline](#)

These courses strengthen students' ability to compose and produce music in popular styles through both repertoire analysis and project-based application of course concepts. These courses can be lectures and/or labs.

M131A

Music Technology I

1 hour per week

1 credit

This project-based course is designed to build skills in audio recording and music production using a digital audio workstation (DAW) like Apple Logic Pro X. Beginning with the physics of sound, basic waveform types, and signal flows, Music Technology I covers audio- and MIDI-based sequencing using software instruments and loop libraries and introduces students to fundamental mixing practices.

M131B

Music Technology II

1 hour per week

1 credit

Prereq: M131A Music Technology I

Expanding on concepts covered in the previous level, Music Technology II focuses on audio recording; working with takes and comping; audio effects like compression, reverb, and delay; and automation. Students create and mix a piece of original music which uses both audio and MIDI.

M131C and D

Music Tech III and IV & Lab

2.5 hours per week

2 credits

Prereq for M131C: M131B Music Technology II

Prereq for M131D: M131C Music Technology III & Lab

Students prepare and develop sessions in a DAW in conjunction with the coursework assigned in their private lessons or other required courses such as Making Your EP, targeting the eventual completion of their recorded portfolios. With guidance from the lab instructor, students focus on production and post-production elements such as music editing, working with fades, pitch correction, beat mapping, time correction, synthesizer tones, smart controls, MIDI controllers, and samplers.

M132A

Writing and Producing for Drums

1 hour per week

1 credit

Prereq: M127A Rhythm Training I, M131A Music Technology I

Writing and Producing for Drums introduces the components of the drumset (and their drum machine analogues) as well as the techniques, sounds, and musical roles associated with each piece. Beginning with listening and rudimentary playing exercises, students develop an understanding of various idiomatic drumming gestures, learn to effectively communicate their artistic ideas to drummers, and apply course concepts to composing drum grooves in select styles on simple drum machines and a digital audio workstation (DAW).

M132B

Writing and Producing for Bass

1 hour per week

1 credit

Prereq (non-Drum emphasis only): M127A Rhythm Training I

Prereq (all students): M121A Ear Training I, M131A Music Technology I

Writing and Producing for Bass explores the role of bass instruments in various popular music styles. Students develop an understanding of the primary sonic differences between bass guitars, upright basses, and synth basses and the types of basslines most idiomatic for each through listening and rudimentary playing exercises. Students also learn best practices for producing bass lines in various musical contexts. Students apply course concepts to composing and producing their own basslines.

M170A**Intro to Songwriting****2 hours per week****2 credits**

This course covers the structural and stylistic attributes of successful pop songs throughout history, including form, melody, motifs (or “hooks”), rhythm, harmony/supporting textures, and feel. Students ultimately apply course concepts to the creation of an original song.

M170B**Writing in Popular Styles****2 hours per week****2 credit***Prereq: M170A Intro to Songwriting*

Songwriters delve deeper into the features of various popular music genres, including their rhythmic, melodic, harmonic, textural, and lyrical elements, through guided listening exercises and round-table discussions. Students apply these concepts to writing original song excerpts and a final song project.

M170C**Producing in Popular Styles****2 hours per week****2 credits***Prereq: M131A Music Technology I, M170B Writing in Popular Styles*

Students explore the stylistic intricacies of several genres of modern popular music and learn the techniques required to produce these idiomatic gestures. Students analyze the instrumental/vocal parts and production techniques attributed to various musical styles, notably acoustic, hip-hop, and electronic music, and apply course concepts to producing original material.

M171A**Intro to Lyric Writing****1 hour per week****1 credit**

Learn the fundamental elements of an effective lyric by analyzing successful songs and completing writing exercises each week to spur creativity and develop your craft. Course topics include phonetics, types of rhymes and rhyme schemes, meter, figures of speech, and storytelling tips. By the end of the course, students compose the lyrics to at least one original song and receive instructor feedback.

M171B**Advanced Lyric Writing****1 hour per week****1 credit***Prereq: M171A Intro to Lyric Writing*

Students continue developing their skills as lyricists by completing writing exercises designed to shake up their creative process and overcome writer’s block such as generating lyrical ideas from everyday texts, moving from writing about personal themes to universal ones, and composing new words to an existing melody. Advanced Lyric Writing also addresses topics such as various types of repetition for rhetorical effect and the sound of words (“phonaesthetics”) as it relates to a song’s tone. Students work individually and collaboratively to produce lyrics for two complete songs and receive instructor feedback.

M172**Collaborative Songwriting****1 hour per week****1 credit***Prereq: M170B Writing in Popular Styles*

This course expands on the knowledge gained in previous songwriting courses and explores the various types of songwriting collaborations, including separated roles for composer and lyricist, Nashville-style songwriting for a target artist, and new collaborative roles, including topline writing in production-centered contemporary genres such as pop, R&B, and hip-hop. Students work together to co-compose at least one original song based on the instructor’s prompt.

M176**Making Music for Hire****2 hours per week****2 credits***Prereq: M170C Producing in Popular Styles*

This fourth-quarter course introduces the nuances of writing and producing music for media such as TV, film, advertising, and video games as well as for other artists. Through songwriting and producing assignments simulating professional commissions such as responding to commercial briefs and scoring music cues for a video game scene, students gain experience creating material for clients with varying goals and aesthetic preferences. Scoring to video is a core component of this course.

M219**Arranging for Modern Band****1 hour per week****1 credit***Prereq: M120A Popular Music Theory I, M121A Ear Training I, M127A Rhythm Training I*

This course covers how to compose and notate parts for drums, bass, guitar, keyboards, vocals, horns, and strings. Students score parts for individual instruments and then advance to

fleshed-out charts for a full ensemble. Arranging for Modern Band introduces the range, tuning, techniques, and sounds associated with instruments associated with popular music and presents examples of idiomatic instrumental parts from throughout pop music's history.

Studio Recording Courses

Students gain experience with recording technology and comfort with a studio environment through lecture- and lab-based coursework.

M133

Rhythm Section Tracking

1.25 hours per week

1 credit

This half-lecture and half-lab course introduces instrumentalists to playing and writing parts for their instrument in a studio environment. Rhythm Section Tracking covers creating parts from a chord chart, verbal guidance from a producer, and placeholder parts in a demo recording. Students also must recreate recorded performances verbatim.

M137A

Studio Recording Techniques

1.25 hours per week

1 credit

Prereq: M131A Music Technology I

Studio Recording Techniques, a half-lecture and half-lab course, introduces students to the inner workings of the recording studio and the typical workflow of a recording session. In this course, students learn about and gain hands-on experience miking instruments and amplifiers, "dialing in" an instrument tone, post-production, and editing all while developing studio etiquette.

M137B

Studio Recording Sessions

2.5 hours per week

2 credits

Prereq: M137A Studio Recording Techniques

In this follow-up course, CSMP students apply the concepts learned in Studio Recording Techniques by taking a more hands-on role in their recording projects, gleaned new insights into the nuances of recording by rote. They are responsible for studio setup and patching, stylistic production decisions, and overall session management.

Career Development Courses

These lecture- and/or lab-based courses introduce students to various aspects of the music industry and prepare them to create assets they can use to effectively further their careers.

M150A and B

Publishing, Copyright, and Contracts I and II

1 hour per week

1 credit

Prereq for M150B: M150A Publishing, Copyright, and Contracts I

How do you make money with your music? This course demystifies the publishing and copyright side of the music business, explaining how music copyright works; introducing students to the importance of registering songs with performance rights organizations (PROs); and covering language common in contracts pertaining to songwriting splits, ownership of mastered recordings, licensing deals, and more.

M151

Getting Started in the Music Business

1 hour per week

1 credit

Prereq: M150B Publishing, Copyright, and Contracts II

You wish to take the music industry by storm – where to begin? This course gives artists at the beginning stages of their careers the tools to develop their personal brand, create a release strategy for their music, self-promote using social media, engage industry professionals, pursue various revenue streams, and more.

Ensembles

Students develop their technique, understanding of style, and stage presence in these performing groups.

P900

CCM Contemporary Ensemble

4 hours per week

2 credits

Note: Admittance into P900 is by audition only; if accepted into the course, students are not required to take P929.

CCM Contemporary Ensemble is the school's flagship performing band in which students play in a group setting along with their peers and instructors. This course covers various styles such as pop, rock, jazz, and R&B. The songs performed are selected by the instructors and group members; students are encouraged to bring in original material and cover selections. The goal is to develop each student's ability to perform in various genres, with arrangements often switching styles to give students greater aesthetic exposure. CCM Contemporary Ensemble gives a minimum of one

performance per quarter, often at off-campus public venues.

P911

Originals Ensemble

2 hours per week

1 credit

Prereq: M170A Intro to Songwriting, M219 Arranging for Modern Band

Note: The prerequisites apply only to CSMP students and Performance students who wish to have their works performed. Performance students enrolling in the course solely as performers do not need to meet any course prerequisites. All student work must be approved by the instructor in advance.

Songwriters and performers collaborate to take student compositions from the page to the stage. With guidance from the instructor, students gain experience in song arrangement and rehearsal direction while realizing their own music for live band.

P913

CCM Groove Ensemble

2 hours per week

1 credit

Instrumentalists enrolled in this group focus on performing grooves, vamps, melodic phrases, and rhythmic patterns with good feel and highly accurate rhythmic specificity. Students learn to play ahead, behind, and on top of the beat and recognize instances of these approaches in recorded music.

P923

CCM Jazz Ensemble

2 hours per week

1 credit

The CCM Jazz Ensemble is designed for high-level student performers to focus on their development as jazz instrumentalists. This group performs repertoire from contemporary and classic jazz, developed out of the jazz tradition and influenced by world and modern pop music. Weekly performances stress group interaction, dynamics, phrasing, swing and straight feel, group improvisation, and stylistic accuracy.

P929

Ensemble Performance Workshop

4 hours per week

2 credits

Ensemble Performance Workshop is a live performance lab in which students develop the necessary musicianship and showmanship skills to play in various popular music styles onstage as part of an amplified band. The instructor and students

choose pop, rock, jazz, and R&B songs to perform and focus on stylistic, rhythmic, and pitch accuracy.

P939

CCM Pop Choir

2 hours per week

1 credit

The CCM Pop Choir is a contemporary vocal ensemble open to members of the local community or alumni network by audition with the instructor. Choir members learn and perform choral arrangements of songs from the popular music canon, examining and practicing technical and artistic elements of music expression. Selections range from two- and three-part pop harmony to more challenging four-part SATB chorale-style arrangements with divisions. Topics emphasized include intonation, tone production, vocal blend, dynamics, expression, stage presence, and diction.

Elective Courses

Elective courses further expand the student's musicality, exposing them to new music, techniques and skills. The Certificate in Songwriting and Music Production program has a set number of required elective courses each quarter; the courses taken to satisfy those elective requirements are chosen by the student. Electives also become available to students when they test out of another required course.

Note: Not all elective courses are offered every quarter. They are determined by student quarterly evaluations and preferences polls.

E100

Elective Private Lesson

1 hour per week

1 credit

Weekly one-hour lessons with expert instructors strengthen a student's abilities on an auxiliary instrument or in another musical discipline. Students demonstrate their progress through a final project assigned by their instructor.

Note: Students do not present a jury performance. Students must pay an additional \$700 to enroll in an E100 Elective Private Lesson.

E110

Stage Presence

1 hour per week

1 credit

This course explores the gestural and rhetorical techniques appropriate for various performance opportunities. Through live demonstrations, video study, and workshops, students learn how the

audience, venue, and being a headliner versus an opener affect live performance. Stage Presence also addresses pre-concert preparation, including creating suitable setlists and orchestrating the artist's entrance.

E135

Mixing and Mastering Basics

1 hour per week

1 credit

Prereq: M131B Music Technology II

After developing a basic understanding of EQ, compression, panning, and time-based effects like reverb and delay, students learn to use these tools to create effective mixes and masters appropriate to certain styles of music.

E160

Deep Listening

1 hour per week

1 credit

Prereq: Permission from the instructor

This course allows students to develop the tools to better understand the stylistic nuances of music by popular artists, their peers, and themselves through deep listening exercises and roundtable discussions which explore genre, style, technology, and history.

E174

Introduction To Jazz Performance

1 hour per week

1 credit

This course covers the performance and understanding of jazz, a broad tradition which achieved great popularity from the 1920s to the 1960s. Repertoire covers sub genres including swing, cool jazz, and bebop. Stylistically accurate improvisation requires technical proficiency; therefore, the focus is placed on instrumental skill, and understanding idiomatic phrasing. Students perform in a small- to medium-sized jazz combo.

E179

Composition

1 hour per week

1 credit

Prereq: M120B Popular Music Theory II

This course covers instrumentation, orchestration, counterpoint, and techniques for thematic development.

E199

Independent Study

1 hour per week

1 credit

Under the supervision of a faculty advisor, a student may propose an independent musical project to complete for elective credit.

E255

Music Video Production

1.25 hours per week

1 credit

Prereq: Permission from the instructor

Note: To be admitted to the course, a student must submit for instructor approval a recorded work upon which to base their video project student.

Students conceive, film, edit, and render a music video for an audio file they produced at CCM. After generating video content in proctored filming sessions which supplement lectures, students learn to edit, and apply effects to, this footage in iMovie in a lab-style environment. Concepts covered in this course include the basics of cinematography such as lighting, camera angles, and shot composition; file formats and transfer; frame rates; clip trimming; and post-production effects like text/image overlay, fast-/slow-motion, and transitions.

Elective Ensembles

P910E

Unplugged Ensemble

2 hours per week

1 credit

Unplugged Ensemble is a course designed to prepare students for intimate performance opportunities by playing and arranging acoustic repertoire. The instructor and students choose songs to workshop from pop, rock, jazz, and R&B and focus on stylistic, rhythmic, and pitch accuracy. Students are also encouraged to develop proficiency on one or more auxiliary instruments like hand percussion, guitar, and/or piano.

P924E

Jazz Combo

2 hours per week

1 credit

Jazz Combo is geared toward introducing student performers to the jazz idiom and the role(s) their instrument plays in a group. Weekly performances stress group interaction, dynamics, phrasing, swing and straight feel, group improvisation, and stylistic accuracy.

Catalog

Publications

The administration shall carefully assemble and publish a General Catalog annually which shall provide both prospective and current students with all necessary, relevant, and accurate information about College programs and institutional policies. The General Catalog shall contain, at a minimum, all accurate and current information relating to programs offered, admissions policies and procedures, audition requirements, transfer of credits, tuition and fees, financial aid, student life and services, registrar and transcripts, equipment and facilities, general policies, academic policies, job placement, faculty biographies, as well as any disclosures required by state or federal law.

The General Catalog shall be reviewed and updated annually during the Summer quarter. The General Catalog Committee, appointed annually by the Dean at the beginning of the Summer quarter, shall execute the task of reviewing and updating the catalog. This update shall be completed not later than September 1, at which time the Dean, Director of Administration, and Director of Education shall triple-check the updated catalog for accuracy and make any necessary corrections before publication.

Updates to the General Catalog made after its annual publication with regard to changes in educational programs, educational services, policies, or procedures, shall be immediately provided to students through memoranda, as well as inserted as supplements accompanying physical copies of the General Catalog until such time as they are fully integrated within the text of the General Catalog.

Faculty/staff members or students with recommendations for General Catalog material to be included, reviewed, updated, or checked for accuracy should submit their suggestions in writing to the Director of Administration.

The General Catalog shall be published annually no later than October 1, in both physical and digital formats. Physical copies of the General Catalog are published and made available at the Administration Office. Digital copies of the General Catalog are published and made available on the Official Website, as well as distributed over email and on promotional flash drives.

Size & Scope

California College of Music is an institution of modest size; The current scope of the institution is postsecondary popular music education up to the associate degree level.
